In Memoriam

John N. Seaver

1927 - 1983

John Seaver was appointed to the Plymouth Fire Department as a Call Firefighter on September 1, 1955. On August 18, 1957, he was appointed a Permanent Firefighter. He was promoted to the rank of Lieutenant on July 1, 1974, and to the rank of Acting Captain on January 20, 1983.

John passed away while still an active member of the Fire Department on August 26, 1983.

During his 28 years of service to the Town of Plymouth, John always performed his duties in an efficient and professional manner. His pride in the Department was an inspiration to those who worked with him.

ARTICLE 25: VOTED — UNANIMOUSLY That the Town adopt a By-Law providing for the licensing of dangerous animals, as shown on a handout entitled "1983 Annual Town Meeting - Article 25, Pages 1 thru 3- " "Keeping of Wild Animals Prohibited."

SECTION 1, PROHIBITION

It shall be unlawful for any person to keep, maintain or have in his possession or under his control within the town any dangerous animal or reptile or carnivorous, wild animal or other animal or reptile of wild, vicious or dangerous propensities without obtaining an annual permit therefor from the Board of Selectmen.

SECTION 2, DEFINITION

For purposes of this By-Law, the term "dangerous animal" means and includes any wild mammal, reptile or fowl of a species which is not naturally tame or gentle, but is of a wild nature or disposition and which, because of its size, breeding, vicious nature or other characteristics, would constitute a danger or threat to human life or property if it is not kept or maintained in a safe manner or in secure quarters. The term "dangerous domesticated animal" means and includes any domestic mammal, reptile or fowl, which, because of its size, breeding or vicious propensity or other characteristics, would constitute a danger to human life or property if it is not kept or maintained in a safe manner or in secure quarters.

SECTION 3, CLASSIFICATION

Dangerous or wild animals include the following: all poisonous animals, apes, baboons, bears, bison, cheetahs, crocodilians twenty-four inches or more, constrictor snakes thirty-six inches in length or more, coyotes, deer, elephants, game cocks and other fighting birds, hippopotami, hyenas, jaguars, leopards, lions, lynxes, monkeys, ostriches, piranha, pitbulls, pumas, rhinoceroses, sharks, tigers, and wolves; provided, however, the foregoing list is not deemed to be all inclusive.

SECTION 4, EXCEPTIONS

The provisions of Sections 1, 2 and 3 shall not apply to any duly licensed menagerie, zoo, circus, bona fide educational or medical institution, including veterinarian, or any other duly licensed place where such animals are kept for the purpose of instruction, treatment or study, provided, however, that (1) the location and operation of the foregoing are in conformity with all applicable federal, state and local laws, by-laws, rules and regulations, (2) all animals and animal quarters are kept in a clean and sanitary condition, and (3) all animals are maintained in quarters so constructed and controlled as to prevent their escape.

SECTION 5, ISSUANCE OF PERMIT

The Board of Selectmen may issue an annual permit for the keeping or maintenance of a dangerous animal upon the following conditions:

- a. The animal is kept or maintained at all times in a safe manner and securely confined so that the keeping of such animal shall not constitute a danger to human life or the property of others.
- b. Adequate safeguards are taken to prevent unauthorized access to such animal by other persons.
- c. The health or well-being of the animal is not endangered in any way by the manner of keeping or confinement.

- d. The keeping of such animal does not constitute a public nuisance and will not adversely affect the surrounding neighborhood.
- e. The keeping of such animal will not cause a danger to the public health.
- f. The quarters in which such animal is kept or confined are adequately heated, lighted, ventilated and are constructed and maintained in a safe, clean and sanitary condition.
- g. The owner or keeper of such animal shall prove his financial responsibility by (1) filing with the Board of Selectmen an adequate certificate of insurance or by (2) posting an adequate surety bond with the Board of Selectmen conditioned upon the owner or keeper's payment of all damages which may result from the keeping or maintenance of such animal. Adequacy of proof shall be at the sole discretion of the Board of Selectmen.

SECTION 6, INVESTIGATION

The Board of Selectmen is authorized to investigate any person who applies for a permit under this By-Law and to consult with appropriate individuals, agencies and societies concerning the keeping of dangerous animals.

SECTION 7, INSPECTION

Prior to the issuance or renewal of any annual permit for the keeping of dangerous animals, and at any other time deemed appropriate, the Board of Selectmen shall cause the premises subject to the permit to be inspected for compliance with all conditions imposed hereunder. In the event that said premises are found not to be in compliance or are not made available for inspection, the Board shall refuse to issue, reissue or shall revoke, as the case may be, the permit. The Board of Selectmen is authorized to charge a fee for the issuance of all such annual permits and a fee for all such inspections.

SECTION 8, LIMIT

In no event shall a permit be issued for the keeping of more than four dangerous animals at any single location.

SECTION 9, PENALTY

Any person, corporation or otherwise, violating any provision of this By-Law, shall be fined not less than 100 dollars nor more than 300 dollars for each offense, with each day during which a violation occurs or continues, deemed to be a separate offense.

(Recommendation of By-Law Wording from Town Counsel)

ARTICLE 26: After presentation of the motion by Mr. Fitch, and some discussion -

Mr. Walter Morrison moved to defer action on this article to May 16, 1983, and it was VOTED TO DEFER ACTION.

ARTICLE 27: Mr. Silva moved that the Town adopt a ByLaw for the control of political signs as follows:

FEE: A \$10.00 permit fee is required for all political signs.
One permit per candidate.

DEPOSIT: A \$100.00 deposit is required at the time of permit issuance. The deposit will be returned 10 days after date of election unless a violation of restrictions has been made, (excepting the restriction on public ways/property), and a certified check is required to be made out to the Town of Plymouth and the Candidates' Committee.

SIZE: Restricted to 8 square feet or less.

LOCATION: Signs shall be placed on private property only. No sign shall be erected on public ways or public property. No sign shall be erected on trees or poles (light/telephone).

ARTICLE 31: VOTED — UNANIMOUSLY That the Town amend the Zoning By-Law, Section 300.07 Paragraph 'D' so that it reads as follows:

"D) FLOODPLAINS, WETLANDS, LOW AREAS — Wetlands, as defined and regulated by Section 401.02, shall be built upon only in compliance with regulations contained therein. Where low spots exist which do not fall within the definition of Section 401.02, but which are subject to occasional flooding as defined by the 100-year flood limits of the U.S. Army Corps of Engineers where such data exists, no principal structure shall be built on any such portion of any lot unless the lowest floor elevation be a minimum of one (1) foot above the elevation of said flood limits. Where such floodplain limits can not be established, the Building Inspector shall determine the lowest buildable floor elevation, which shall not be less than five (5) feet above the lowest point of the floodplain.

Furthermore, no opening into a wall of a residence, including a garage or basement wall, shall be located at a lower elevation than the overflow elevation of any low area on said lot, including that of any manmade drainage easement. The Building Inspector may require any analysis of the drainage patterns of the lot by a registered professional civil engineer in order to demonstrate that no flooding of the residence will occur under normal circumstances (up to and including a 100-year flood as defined above.)

ARTICLE 32: VOTED — UNANIMOUSLY That the Town amend the Zoning By-Law, Section 311.03—Other Requirements, Paragraph D—COMMUNITY FACILITIES, so that it reads as follows:

“D)—COMMUNITY FACILITIES — All community facilities shall be designed in accordance with the most recent Massachusetts standards for accessibility for handicapped persons. All buildings must be directly accessible from a ground level which, in turn, is accessible to vehicles. Community facilities shall include a minimum of 15 square feet per unit interior space and 20 square feet per unit formal outdoor recreation space such as a swimming pool or tennis court. A community building may include as a part thereof, a “canteen” offering convenience-type items for sale, provided that said “canteen” does not exceed 1 square feet/unit or 100 square feet, whichever is smaller. Community non-residential facilities, including club houses, swimming pools, laundries, stores, etc. shall not be made available for use by any persons other than residents of the R.M.H.P.U.D. and their invited guests for traditional family and/or neighborhood activities. Commercial use of such facilities is incompatible with the residential characteristic of a R.M.H.P.U.D. and is hereby specifically prohibited by this By-Law.”

ARTICLE 44: Mr. Moody moved that action on Article 44 be deferred to the adjourned session of May 16, 1983.

This Motion was PASSED.

At 2:30 P.M. it was moved to adjourn to May 16, 1983, at 7:30 P.M., and it was so VOTED.

On May 16, 1983, a caucus of Precinct 1 was held at the Plymouth-Carver Regional High School at 7:00 P.M. At this time Alan Taddia was elected to serve until the next election. Mr. Taddia will replace Mrs. Yvonne Resendes, who has resigned.

On May 16, 1983, a caucus of Precinct 4 was held in the Plymouth-Carver Regional High School at 7:00 P.M. At this time Mary LeSueur was elected to serve until the next election. She will replace Paul Whipple, who has resigned.

On May 17, 1983, at 7:30 P.M., a caucus of Town Meeting Members from Precinct 8 was held in the Plymouth-Carver Regional High School. At this time Mr. James G. Bell of 52 Peter Road was elected to serve until the next election. Mr. Bell will replace Mr. A. Velander, who has resigned because he has moved from Plymouth.

Annual Town Meeting

May 16, 1983

Adjourned Session

The meeting was called to order at 7:40 P.M. by the new Moderator, Mr. Clarence R. Krueger.

The number of Town Meeting Members present was 87, as announced by the checkers.

The Moderator declared a quorum present.

There having been an Annual Town Election since the previous session of this Town Meeting, there were newly-elected Town Meeting Members present. These new members were sworn to their duties by the Asst. Town Clerk, Shirley Wood.

At this time Mr. William Griffin, the Executive Secretary, and Mr. Ron Fitch, the Chairman of the Finance Committee presented a picture overview of the current financial status and position of the Town.

Mr. Fitch moved that the adjourned sessions of this Town Meeting be held on Tuesday, May 17 and Wednesday, May 18, 1983, in the Plymouth-Carver Regional High School at 7:30 P.M., if needed.

So VOTED.

ARTICLE 4:

NO ACTION ON ARTICLE 4.

ARTICLE 5:

Mr. Fitch moved that the Town vote to amend the Personnel By-Law by incorporating the "Recommendations for the 1983 Annual Town Meeting - FY '84" as printed by the Personnel Board in their handout dated March 17, 1983, and included in the Report and Recommendations of the Plymouth Advisory and Finance Committee; and further that the Town vote to amend Schedule B-3-Weekly Clerical Salary Schedule" found on page 17 of the Personnel By-Law; and replace with the new "Proposed Schedule B-3 Yearly/Weekly Clerical Salary Schedule," which was passed out at this Town Meeting.

This motion was VOTED and PASSED.

Due to the uncertainty of available funds at this time for Fiscal '84 the Personnel Board will not be recommending any salary increases for

salaries under their jurisdiction, namely those under Salary Schedule B and Miscellaneous Schedule D. All salaries, with the exception of those receiving step increases will remain the same.

The Board will be recommending amendments to three sections in the Personnel By-Law as well as establishing a new position for the Department of Public Works.

The following recommendations are being proposed:

Amend Section 5 (a) by deleting the words, "of the classes" and substituting the word "positions" in the first sentence. The first sentence of Section 5 (a) will now read, "The Compensation Plan shall consist of Schedules B through E in Section 7 and of hourly wage schedules in Section 8 through 10 which provide for minimum and maximum rates for certain *positions* in the Classification Plan."

Clerical Reclassifications
Effective FY 84 - July 1, 1983 - June 30, 1984

Under Article 5, you will be asked to amend the Personnel Board Bylaw, "SCHEDULE B-3 - WEEKLY CLERICAL SALARY SCHEDULE", which is located on Page 17 of the "PERSONNEL BY-LAW" (blue book). This By-Law is enclosed in your packet from the Advisory and Finance Committee.

This is part of an agreed settlement between the Clerical Union and the Board of Selectmen, effective July 1, 1983. The Chart shown at the top of this report is as presently in effect, and the Chart at the bottom is to become effective July 1, 1983. The total cost of this Reclassification amounts to \$5,978.00, which has been included in those budgets so effected, in Article 7 of the Operating Budget.

Annual Town Meeting

May 17, 1983

Adjourned Session

The Meeting was called to order at 7:50 P.M. by the Moderator, Clarence Krueger.

The number of Town Meeting Members present was 78, as reported by the tellers.

The Moderator declared a quorum present.

ARTICLE 9:

Mr. Fitch moved that the Town appropriate the sum of \$10,000.00 from the Stabilization Fund to construct a handicap ramp at the Town Hall and to make other renovations relative thereto; said funds to be expended under the supervision of the Department of Public Works.

This motion was PASSED UNANIMOUSLY.

Mrs. Genevieve Ash moved to reconsider Article 8.

This motion was VOTED.

Mrs. Genevieve Ash moved to vote on each item of Article 8 on an individual basis. (Since these funds are being appropriated from the Stabilization Fund, each will require a 2/3 vote.)

This motion was SO VOTED.

Mr. Krueger presented each item as listed in the original motion, as amended, for individual consideration as follows:

Item	Dept. Div.	Equipment	Amount	Yes	No
A.	DPW/Sewer Div.	3/4 Ton Pickup w/dump	\$12,000.00	Unan.

ARTICLE 23:

VOTED: That the Town vote to rescind the Harbor By-Law presently

in effect, and replace with a new "Harbor By-Law" which has been placed on file in the Town Clerk's Office, and as presented as a handout with the Report and Recommendations of the Plymouth Advisory and Finance Committee, under Article 23 Annual—Harbor By-Law - Pages 1 through 8.

HARBOR BY-LAWS

I. GENERAL REGULATIONS

A. Speed

1. Check your wake at all times.
2. Maximum Speed Limit—is 6 M.P.H. in Plymouth Harbor. A speed regulations sign reading "SPEED LIMIT - 6 M.P.H." will be placed on the west side of the channel, 1,000 feet southwest of Nun No. 14. A sign reading "WELCOME TO PLYMOUTH, CHECK YOUR WAKE AT ALL TIMES" will be placed at the entrance of the Harbor, locus about 1,000 feet north of Nun No. 8. These signs will be placed at these locations from June 1st to October 1st of each year.

B. Water Skiing

1. Water skiing will not be permitted in posted areas or anchorages.

C. Harbor Pollution

1. Oil shall not be dumped or pumped overboard in any harbor area.
2. Untreated sewage, rubbish, debris, garbage or dead fish shall not be discharged into Plymouth Harbor.
3. Boats or vessels shall not run their engines with propellers engaged while tied to the docks. Boats requiring dock trials may do so with permission of the Harbor master in each instance.
4. Derelict boats, motors, etc., shall not be allowed in the harbor or on the shores.

D. Berthing

1. Tie-up periods at Town Floats will be limited to 15 minutes. A tie-up time limit at the Town Floats or Piers for visitors at night, or boats with breakdowns, will be limited by discretion of the Harbor Master.
2. All visiting craft entering Plymouth Harbor are subject to the direction of the Harbor Master who shall be consulted before anchoring or tying to any of the facilities or moorings.
3. All draggers while moored at docks shall have their trawl boards swung inside rails at all times.
4. Boat moorings cannot be rented out by owners and are assignable, when not in use, by the Harbor Master.
5. Boats shall not be tied to docks in dead storage without special permission from the Board of Selectmen. Any boat so illegally tied up for over four (4) weeks' time, will upon notice from the Harbor Master, be removed.

E. Float, Pier and Ramp Areas

1. Fishing gear, equipment, or any other matter shall not be allowed to remain on the docks or floats for over twenty-four (24) hours without permission of the Harbor Master.
2. Swimming will not be allowed from State Pier, Town Pier, or Floats attached to Public Docks, or Launching Ramp area in Plymouth Harbor.
3. There will be no soliciting from Town-owned piers, floats, launching ramp and parking areas unless authorized by the Board of Selectmen.
4. Rules for the Ramp and adjacent parking area shall be as follows:

No Public Drinking
No Open Fires
No Camping
No Cleaning of Fish
No Littering
No Swimming
No Unattended Boats, Floats, Gear, etc.
No Soliciting

A Sign shall always be posted listing the above.

F. Conducts

1. Unmuffled noise from engines, outboards, amplifying systems, radios and the like shall be kept at a minimum when in the proximity of piers, floats, anchorages, or ramp area.
2. No person shall operate any motor boat or any vessel in a reckless or negligent manner so as to endanger the life, safety, or property of any person.

G. Fees

1. All boats moored in Plymouth Harbor will pay an annual mooring fee for the privilege of maintaining a boat mooring in these areas. A fee will be charged per foot measured from the stem in a straight line aft to the stern. Booms, boomkins, or pulpits are exempt from this measurement.
2. Commercial interest, party boats, fishing boats, associations or companies using the Town Pier for permanent moorings, float access, or gangways will pay an annual fee fairly determined by the Board of Selectmen.
3. All persons tying tenders at the Town Pier shall be charged an annual fee to be fairly determined by the Board of Selectmen.
4. All fees shall be determined by the Board of Selectmen.

II. MOORING REGULATIONS

A. Applications

1. Applications for permanent mooring space in all

areas shall be dated, signed and filed with the Harbor Master.

Permits will be granted by the Harbor Master in the order of application, dated as locations become available. If the Harbor Master denies a mooring application, and the applicant can show just cause, he may request and receive a hearing from the Board of Selectmen on his rights to have a mooring in Plymouth Harbor. All future moorings will be assigned a suitable space in accordance with the requirements of the boats: that is length, draft, type or rig; and shall be placed at a locus designated by the Harbor Master. A mooring space relinquished for any reason by any boat owner immediately voids his rights to that mooring space.

Mooring space is not transferable to a new owner when a boat is sold.

and the Length of Pennant equal to length of boat.

b. Special area moorings for small boats inside the Plymouth Town Wharf Basin and directly opposite the westerly jetty are to have the following regulations:

MOORINGS—To be spaced 20' apart and to have an overall length of scope of 14' from exposed flat to the bow chock of the boat.

MUSHROOM—50# BLOCK—18"x18"x12"

CHAIN—3/8' to 1/2' SCOPE—14'

DIAMETER OF PENNANTS, NYLON OR EQUIVALENT—1/2"

4. All areas

a. The use of spars or stainless steel floats for chain flotation shall be prohibited. Only cans, balls, or styrene-type chain flotation shall be used. In all types of chain floatation buoys, other than metal, chain or a metal rod must be passed thru the buoy connecting the mooring pennant to the mooring chain.

b. All chain flotation buoys shall be plainly and clearly visible above any tide level at all times.

c. The above described moorings shall be painted white with a Blue Band, owner's or boat name, and length of boat on can or buoy; also owner's name on mooring block or mushroom anchor.

d. All new complete moorings placed or replaced in any location in Plymouth Harbor after April 1, 1963 shall conform to the regulations: and will be placed at a locus designated by the Harbor Master.

e. Winter spars must be installed on all moorings. They shall be painted and identifiable at all times except during ice conditions.

f. Winter spars or buoys shall not be installed prior to September 1st, and must be removed by June 1st.

g. The Harbor Master will inspect all moorings regularly, commencing June 1st through September 1st of each year for flotation of cans, balls or buoys, and notify owners in writing by Certified Mail if their cans, balls or buoys do not conform with the Plymouth Harbor Bylaws.

h. All pennants shall be nylon or equivalent with adequate moorings devices, approved by the Harbor Master, to eliminate the hazard of chafing.

i. Owners with defective moorings shall be allowed seven (7) days after receiving notice from the Harbor Master to correct the defective conditions. If the defect is not corrected after this time, the owner will be subject to penalty in conformance with the Code. The Harbor Master, upon finding a defective mooring, shall properly mark said mooring to show danger or obstruction.

j. The Harbor Master shall order owners of moorings to have said moorings listed, at owner's expense, one each five (5) years for visual inspection by the Harbor Master to determine its condition. In lieu of lifting moorings, replacements may be made. Upon certification of moorings' fitness or replacement, owner may replace mooring at original locus.

k. The Harbor Master shall keep a detailed description of all moorings, their locus and owner's name, telephone number, home and business address, date of mooring and length and rig of the boat.

III. CODE

A. Penalties

1. A fine not to exceed \$50.00 may be imposed for first offense infractions or disobedience to this Code of Regulations when State or Federal penalties do not apply. All other fines that are applicable are defined in Chapter 40, Section 21. (Mass. General Laws.)

2. Offenders will be prosecuted by the Harbor Master and all other enforcement agents.

3. Violations of the Plymouth Harbor Bylaws may be sufficient cause for the Harbor Master to refuse an individual or his vessel the use of Town-owned or controlled facilities for such period of time as may be determined by the Harbor Master or the Board of Selectmen, in addition to necessary Court action in cases of violation of the Motor Boat Law.

ARTICLE 26:

Mr. Fitch moved that the Town vote to authorize the Board of Selectmen to grant, insofar as they may have the right to do so, to the Commonwealth Electric Company, its successors and assigns, and to the New England Telephone and Telegraph Company the easement right to construct, relocate, operate, and maintain electric distribution and telephone lines with all equipment and appurtenances deemed

necessary therefor, over, across, and upon a certain parcel of land in which the Town may have an interest, measuring 30' more or less from the center line of the existing way known as Old Sandwich Road and adjacent to Lots 13, 14, 15, and 16 of Plat 51 of the Plymouth Assessors' Maps; and upon conditions to be determined by the Board of Selectmen.

Mr. Leo Best moved to "TABLE" action on Article 26 (This action requires a 2/3 vote.) By vote of 36 Affirmative and 35 Negative, this motion did NOT PASS.

The original motion was presented for action—Since this involves an easement and property, a 2/3 vote is necessary for passage—therefor, the vote of 36 Affirmative and 34 Negative is not adequate for passage and the motion did NOT PASS.

Special Town Meeting

June 20, 1983

Plymouth-Carver Regional High School — 7:30 p.m.

ARTICLE 1: To see if the town will vote to accept an amendment to the Agreement pursuant to which the Plymouth-Carver Regional School District was established, as initiated and proposed by vote of the Plymouth-Carver Regional District School Committee adopted on May 10, 1983, and entitled "Amendment No. V to the Agreement Establishing the Plymouth-Carver Regional School District" the text of which Amendment is substantially as follows:

The Agreement between the Towns of Plymouth and Carver dated August 8, 1960, pursuant to which the Plymouth-Carver Regional School District was established, as heretofore amended, is hereby further amended by adding the following section:

SECTION XVI DISSOLUTION OF THE DISTRICT

(A) The member towns of Plymouth and Carver hereby agree that it is their present intention that the District should be dissolved and that the schools of both towns in all grades kindergarten through 12 should be under the jurisdiction and control of the local school committees of the respective member towns, subject to the following provisions of this Section XVI, including the passage of a special law as provided in subsection XVI (L).

(B) The town of Carver agrees that it shall call a town meeting or meetings at which the town shall be asked to vote upon the question of appropriating a sum of money which, together with the sum to be paid to said town pursuant to subsection XVI(F), shall be sufficient to pay the estimated cost of constructing, originally equipping and furnishing school facilities for its pupils attending grades 7 through 12. If on or before October 1, 1983, (i) such vote has been duly adopted by the town of Carver in accordance with law, (ii) the town of Carver has voted pursuant to paragraph (a) of Chapter 59, Section 21C, of the General Laws to exempt from the property tax limitation imposed by that section the amounts required to pay principal and interest on the bonds or notes authorized by such vote and (iii) the town of Plymouth has voted pursuant to paragraph (a) of Chapter 59, Section 21C, of the General Laws to exempt from the property tax limitation imposed by that section the amounts required to pay principal and interest on the bonds or notes authorized to be issued by subsection XVI (G) of this Agreement, then this Section XVI shall be in full force and effect; otherwise, this Section shall be null and void and the District shall continue in existence subject to the provisions of Sections I through XV, as the same may from time to time be amended.

(C) Upon the adoption by the towns of Carver and Plymouth of the votes described in subsection XVI (B), the member towns and their local school committees shall assume jurisdiction over the pupils residing in their respective towns who attend the grades 7 through 12 on the July 1 which follows by at least six months the date on which the last of such votes is adopted by the town of Carver or the town of Plymouth. Until such July 1, the District shall continue to provide education for pupils from the member towns in grades 7 through 12. Notwithstanding any other provisions of this Agreement, the District budget adopted for the fiscal year commencing on such July 1 and for each subsequent fiscal year until final dissolution of the District shall include only such sums as are required to meet the obligations described in subsection XVI(I). The school budgets of the member towns for such fiscal years shall include sums required for the education of all the pupils from grades kindergarten through 12.

(D) The town of Plymouth agrees that following assumption by it of jurisdiction over the pupils from Plymouth who were previously educated in the District schools, it shall accept for enrollment in its schools pupils from the town of Carver in grades 7 through 12 for which facilities are not then available in the town of Carver, as determined by the Carver School Committee, until the date which the Carver School Committee specifies in a written notice given by it to the Plymouth School Committee at least eight months in advance of such date. The town of Carver agrees that it shall pay tuition for pupils enrolled in the Plymouth schools pursuant to this subsection XVI(D) at a rate established by the Plymouth School Committee in accordance with law.

(E) Any teacher serving at the discretion of the Committee (on tenure) upon the assumption by the member towns of jurisdiction over the pupils in grades 7 through 12 shall be employed by the school committee of the town in which the District school facility, including any leased facility, at which such teacher is employed is located to serve at its discretion. Any teacher not serving at the discretion of the Committee upon such assumption shall be given preferred consideration by the school committee of the town in which the District school facility, including any leased facility, at which such teacher is employed is located for a similar position in the schools of such town.

(F) The town of Plymouth shall purchase from the District and the District shall sell to the town of Plymouth, on or before the date on which the town of Plymouth assumes jurisdiction over the pupils in grades 7 through 12, all land, buildings and other

property owned by the District, including equipment, supplies and materials, at a price of \$2,530,000. Such sum, less the amount described in the last sentence of subsection XVI(H), shall be paid by the treasurer of the town of Plymouth directly to the treasurer of the town of Carver contemporaneously with the delivery by the District to the town of Plymouth of such deeds and other instruments of conveyance as shall be reasonably required in order to consummate such purchase and sale and such payment shall be deemed full and complete consideration for such sale and conveyance.

(G) By its vote to accept the provisions of Amendment No. V to this Agreement, the town of Plymouth hereby authorizes its treasurer, with the approval of its Board of Selectmen, to borrow a sum not exceeding \$2,530,000 for the purpose of purchasing the land, buildings and other property described in subsection XVI(F) and to issue bonds or notes of said town therefor under and pursuant to the applicable provisions of Chapter 44 of the General Laws as amended and supplemented.

(H) By its vote to accept the provisions of Amendment No. V to this Agreement, the town of Carver hereby authorizes the sum to be paid to it by the town of Plymouth in accordance with subsection XVI(F) to be applied to and expended for costs of constructing, originally equipping and furnishing new school facilities for pupils attending grades 7 through 12 without the necessity for further appropriation by said town. The town of Carver directs the treasurer of the town of Plymouth to deduct from the amount otherwise payable to it pursuant to subsection XVI(F) a sum equal to 13% of the then outstanding principal and interest payable on the \$400,000 School Roof Repair Bonds of the District dated October 1, 1980 and to deposit such sum in trust, in the name of the District, as provided in subsection IX(D) for the sole purpose of paying principal and interest on such bonds. The town of Carver further directs the treasurer of the town of Plymouth to deduct from such amount a sum equal to 13% of any other then outstanding liabilities of the District, if any, except liabilities on account of the \$1,135,000 School Bonds of the District dated April 1, 1980 as described in subsection XVI(I) and except any liabilities on account of costs of operating and maintaining schools of the member towns for the pupils in grades 7 through 12 for the period commencing with the date on which the towns of Plymouth and Carver assume jurisdiction over the pupils in grades 7 through 12. The sum, if any, to be deducted pursuant to the immediately preceding sentence shall be determined by unanimous vote of all the Committee adopted at least ninety days prior to the date of payment or, if the Committee shall so decide,

shall be determined by an arbitrator selected in such manner as the Committee shall determine.

(I) The town of Plymouth hereby agrees to and shall, from and after the date on which it assumes jurisdiction over the pupils in grades 7 through 12, be obligated to pay to the District all sums assessed to it for the purpose of paying all obligations of the District then outstanding including, without limitation, all then remaining payments of principal and interest on the \$1,135,000 School Bonds of the District dated April 1, 1980 and on the \$400,000 School Roof Repairs Bonds of the District dated October 1, 1980. Notwithstanding the provisions of Section IV, all expenses of the District to be apportioned to the member towns for the fiscal year commencing on the July 1 on which the member towns assume jurisdiction over the pupils in grades 7 through 12 and for each fiscal year thereafter until final dissolution of the District shall be apportioned to the town of Plymouth and no such expenses shall be apportioned to the town of Carver.

(J) On the date upon which the member towns assume jurisdiction over the pupils in grades 7 through 12, the Committee shall be dissolved and the School Committee of the town of Plymouth in office from time to time shall serve, *ex officio*, as the Committee until the final dissolution of the District. From and after the date upon which the member towns assume jurisdiction over the pupils in grades 7 through 12 and until the final dissolution of the District, the treasurer of the town of Plymouth in office from time to time shall serve, *ex officio*, as treasurer of the District and shall, on behalf of the District, pay all obligations described in subsection XVI(I). The District shall finally be dissolved on April 1, 1990, or such later date as all obligations of the District have been paid.

(K) Any state reimbursement or other sums of money received by the District after the date upon which the member towns assume jurisdiction over the pupils in grades 7 through 12, other than sums received from the town of Plymouth under subsection XVI(J), shall be apportioned as hereinafter provided and paid by the district Treasurer to the treasurers of the towns of Plymouth and Carver, respectively, not later than thirty days from their receipt. Each member town's share shall be determined by computing the ratio which its pupil enrollment in grades 7 through 12 on the October 1 next preceding the date on which such sums were received bears to the total pupil enrollment in grades 7 through 12 from both towns on that date. For purposes of this subsection, pupil enrollment in grades 7 through 12 shall mean enrollment in grades 7 through 12 of pupils residing in each member town and receiving education at such town's expense.

(L) This Section XVI shall take effect in accordance with its terms upon (i) acceptance of Amendment No. V to this Agreement by majority vote of both member towns in accordance with the provisions of Sections VII and IX of this Agreement and (ii) the passage of a special law by the General Court authorizing and validating its provisions. By their votes to accept the provisions of Amendment No. V to this Agreement, the member towns petition for the passage of such law.

Special Town Meeting

June 20, 1983

The Meeting was called to order at 8:00 P.M. by the Moderator, Clarence Krueger.

The number of Town Meeting Members present was 80, as reported by the checkers.

The Moderator declared a quorum present.

ARTICLE 1:

Mr. Brewster moved that the Committee come back no later than October 3, 1983, with a report and recommendation.

This Motion PASSED.

Mr. Fitch moved that the question be referred to the Regional School Committee and that said Committee be requested to draw up an amendment setting forth the terms by which the Town of Plymouth may withdraw from the District; this request to be considered as a withdrawal request per Section IX of the District Agreement; and further that the amendment so drawn is to be presented to the Advisory and Finance Committee before being officially voted upon by the Regional School Committee.

This motion PASSED by a vote of 72 Affirmative and 8 Negative.

At 8:50 P.M. Mr. Morgardo moved to adjourn and it was so voted.

to raise and appropriate a sum of money therefor, or take any other action relative thereto.

ARTICLE 2. To see if the town will vote to accept an amendment to the Agreement pursuant to which the Plymouth-Carver Regional School District was established, as initiated and proposed by vote of the Plymouth-Carver Regional District School Committee adopted on August 30, 1983, and entitled "Amendment No. V to the Agreement Establishing the Plymouth-Carver Regional School District," the text of which Amendment is substantially as follows:

The Agreement between the Towns of Plymouth and Carver dated August 8, 1960, pursuant to which the Plymouth-Carver Regional School District was established, as heretofore amended, is hereby further amended by adding the following section:

SECTION XVI DISSOLUTION OF THE DISTRICT

(A) The member towns of Plymouth and Carver hereby agree that it is their present intention that the District should be dissolved and that the schools of both towns in all grades kindergarten through 12 should be under the jurisdiction and control of the local school committees of the respective member towns, subject to the following provisions of this Section XVI, including the passage of a special law as provided in subsection XVI (L).

(B) The Town of Carver has called and, on June 1, 1983, held a town meeting at which the town voted favorably upon the question of appropriating a sum of money which, together with the sum to be paid to said town pursuant to subsection XVI(F), it has determined to be sufficient to pay the estimated cost of constructing, originally equipping and furnishing school facilities for its pupils attending grades 7 through 12. If on December 1, 1983, (i) such vote remains in full force and effect, (ii) the vote of the town of Carver adopted at its special town election held on June 25, 1983 pursuant to paragraph (a) of Chapter 59, Section 21C, of the General Laws to exempt from the property tax limitation imposed by that section the amounts required to pay principal and interest on the bonds or notes authorized to construct, originally equip and furnish school facilities for pupils attending grades 7 through 12 remains in full force and effect, and (iii) the town of Plymouth has voted pursuant to paragraph (a) of Chapter 59, Section 21C, of the General Laws to exempt from the property tax limitation imposed by that section the amounts required to pay principal and interest on the bonds or notes authorized to be issued by subsection XVI (G) of this Agreement and such vote remains in full force and effect; otherwise, then this Section XVI shall be in full

force and effect, subject to the provisions of subsection XVI(L); otherwise, this Section shall be null and void and the District shall continue in existence subject to the provisions of Sections I through XV, as the same may from time to time be amended.

(C) The member towns of Plymouth and Carver and their local school committees shall assume jurisdiction over the pupils residing in their respective towns who attend the grades 7 through 12 on the July 1, 1984. Until July 1, 1984 the District shall continue to provide education for pupils from the member towns in grades 7 through 12. Notwithstanding any other provisions of this Agreement, the District budget adopted for the fiscal year commencing on such July 1, 1984 and for each subsequent fiscal year until final dissolution of the District shall include only such sums as are required to meet the obligations described in subsection XVI(I). The school budgets of the member towns for such fiscal years shall include sums required for the education of all the pupils from grades kindergarten through 12.

(D) The town of Plymouth agrees that following assumption by it of jurisdiction over the pupils from Plymouth who were previously educated in the District schools, it shall accept for enrollment in its schools pupils from the town of Carver in grades 7 through 12 for which facilities are not then available in the town of Carver, as determined by the Carver School Committee, until July 1 of the year which the Carver School Committee determines will be the year in which school facilities to accommodate all of the Carver pupils in grades 9 through 12 will be available in the town of Carver. The Carver School Committee shall specify such date in a written notice given by it to the Plymouth School Committee at least eight months in advance of such July 1. The town of Carver agrees that its pupils attending public schools in grades 9 through 12, other than pupils attending the Old Colony Regional Vocational High School or special educational programs pursuant to Chapter 71B of the General Laws which are located outside the town of Plymouth, shall attend public schools in the town of Plymouth until the date (specified in the notice provided for in the foregoing sentence) on which all of the pupils from the town of Carver are withdrawn from the schools of the town of Plymouth in order to attend school facilities located in the town of Carver unless the Plymouth School Committee and the Carver School Committee shall mutually agree on or before November 1 of the year preceding the beginning of any school year commencing on or after July 1, 1984 that a specified number of pupils from Carver in any one or more of the grades 9 through 12 may be withdrawn from the Plymouth schools for that school year. The town of Carver further agrees that it shall pay tuition for

pupils enrolled in the Plymouth schools pursuant to this subsection XVI(D) at a rate established by the Plymouth School Committee in accordance with law.

(E) Any professional staff member serving at the discretion of the Committee (on tenure) on July 1, 1984 shall be employed by the school committee of the town in which the District school facility, including any leased facility, at which such member is employed is located to serve at its discretion. Any professional staff member not serving at the discretion of the Committee on July 1, 1984 shall be employed by the school committee of the town in which the District school facility, including any leased facility, at which such member is employed is located in a similar position if available in the schools of such town or, in the case of a teacher, if there is a position available in such schools for which such teacher is certified and which involves a discipline in which such teacher has been actually employed by the District School Committee for at least one of the three years immediately preceding July 1, 1984. Such professional staff members not serving at the discretion of the Committee shall be selected in order of seniority as defined in the District's then current collective bargaining agreement.

Any professional staff member serving at the discretion of the Plymouth School Committee who is dismissed because no longer required by the town of Plymouth, on account of the withdrawal of Carver pupils from the Plymouth School on the July 1 specified in accordance with subsection XVI(D), shall be employed by the Carver School Committee to serve at its discretion. Any professional staff member not serving at the discretion of Plymouth School Committee who is dismissed because no longer required by the town of Plymouth, on account of withdrawal of Carver pupils from the Plymouth schools on the July 1 specified in accordance with subsection XVI(D), shall be employed by the town of Carver if there is a position available in the Carver schools which involves the same function as the position in which such member was most recently employed by the town of Plymouth or, in the case of a teacher, which involves a position for which such teacher is certified and in which such teacher has been actually employed by the Plymouth or District schools for at least one of the three years immediately preceding such dismissal; provided, however, that in the event the Carver School Committee determines that a position available in its schools requires more experience than that possessed by any professional staff member not serving at discretion who has been so dismissed by the Plymouth School Committee, the town of Carver may fill such position with a teacher who actually possesses the amount of experience so determined by the Carver School Committee to be required for the position.

Professional staff members who are employed by the town of Plymouth or by the town of Carver pursuant to either the first or second paragraph of this subsection XVI(E) shall be deemed for all purposes to have served in the schools of the town by which they are employed pursuant to either of such paragraph for the period during which they were employed by the District or the town of Plymouth or both. All purposes shall include, but not be limited to, credit for time served and rights accrued while employed by the District or the town of Plymouth, or both, for accumulated time toward qualification for service at discretion, accumulated sick leave, leaves of absence, accumulated time toward qualification for sabbatical leave, terminal compensation, sick leave buy-back right, seniority time under any collective bargaining agreement, cost of living raises, step raises and longevity pay; however, all employment compensation and other benefits shall thereafter be consistent with the terms of any collective bargaining agreement then in effect governing the terms and conditions of employment for professional staff members in the town by which they are employed pursuant to either the first or second paragraph of subsection XVI(E).

(F) The town of Plymouth shall purchase from the District and the District shall sell to the town of Plymouth, on or before July 1, 1984, all land, buildings and other property owned by the District, including equipment, supplies and materials, at a price of \$2,160,871. Such sum, less the amount described in subsection XVI(H), shall be paid by the treasurer of the town of Plymouth directly to the treasurer of the town of Carver contemporaneously with the delivery by the District to the town of Plymouth of such deeds and other instruments of conveyance as shall be reasonably required in order to consummate such purchase and sale and such payment shall be deemed full and complete consideration for such sale and conveyance.

(G) By its vote to accept the provisions of Amendment No. V to this Agreement, the town of Plymouth hereby authorizes its treasurer, with the approval of its Board of Selectmen, to borrow a sum not exceeding \$2,160,871 for the purpose of purchasing the land, buildings and other property described in subsection XVI(F) and to issue bonds or notes of said town therefor under and pursuant to the applicable provisions of Chapter 44 of the General Laws as amended and supplemented.

(H) By its vote to accept the provisions of Amendment No. V to this Agreement, the town of Carver hereby authorizes the sum to be paid to it by the town of Plymouth in accordance with subsection XVI(F) to be applied to and expended for costs of constructing, originally equipping and furnishing new

school facilities for pupils attending grades 7 through 12 without the necessity for further appropriation by said town. The town of Carver directs the treasurer of the town of Plymouth to deduct from the amount otherwise payable to it pursuant to subsection XVI(F) a sum equal to the town of Carver's share of the then outstanding principal and interest payable on the \$400,000 School Roof Repair Bonds of the District dated October 1, 1980 and to deposit such sum in trust, in the name of the District, as provided in subsection IX(D) for the sole purpose of paying principal and interest on such bonds. The town of Carver's share pursuant to the immediately preceding sentence shall be determined by computing the ratio which said town's pupil enrollment in grades 7 through 9 in schools, including leased facilities, under the jurisdiction of the District on October 1, 1983 bears to the total pupil enrollment from both member towns in grades 7 through 9 in such schools on October 1, 1983.

(I) The town of Plymouth hereby agrees to and shall, from and after July 1, 1984, be obligated to pay to the District all sums assessed to it for the purpose of paying then remaining payments of principal and interest on the \$1,135,000 School Bonds of the District dated April 1, 1980 and on the \$400,000 School Roof Repairs Bonds of the District dated October 1, 1980. Notwithstanding the provisions of Section IV, all expenses of the District to be apportioned to the member towns for the fiscal year commencing on the July 1, 1984 and for each fiscal year thereafter until final dissolution of the District shall be apportioned to the town of Plymouth and no such expenses shall be apportioned to the town of Carver except as hereinafter provided in the second paragraph of this subsection XVI(I).

In the event that any obligations incurred by the District prior to July 1, 1984, other than obligations provided for in subsection XVI(H), obligations payable from the proceeds of insurance and obligations for the payment of which funds were encumbered by the Committee on or before June 30, 1984, are payable by the District after July 1, 1984, the Committee shall determine the amount of such obligations so payable and shall apportion to and assess upon the town of Carver its share of such obligations. The town of Carver's share of such obligations shall be determined in the same manner as operating costs were determined for the fiscal year ending June 30, 1984 pursuant to paragraphs (1) and (2) of subsection IV(E). Prior to July 1, 1984, the Committee shall purchase insurance, with such limits as it determines advisable, to cover any claims that may reasonably be anticipated to arise on account of events occurring on or before June 30, 1984.

(J) On July 1, 1984, the Committee then in office shall be dissolved and the School Committee of the town of Plymouth in office from time to time shall serve, *ex officio*, as the Committee until the final dissolution of the District. From and after July 1, 1984, and until the final dissolution of the District, the treasurer of the town of Plymouth in office from time to time shall serve, *ex officio*, as treasurer of the District and shall, on behalf of the District, pay all obligations of the District. The District shall finally be dissolved on April 1, 1990, or such later date as all obligations of the District have been paid.

(K) Any state reimbursements or other sums of money received by the District on or after July 1, 1984 other than unpaid assessments, sums received from the town of Carver under the second paragraph of subsection XVI(I) or sums received from the town of Plymouth under the first paragraph of subsection XVI(I), shall be apportioned as hereinafter provided and paid by the District Treasurer to the treasurers of the towns of Plymouth and Carver, respectively, not later than ninety days from their receipt. Each member town's share shall be determined in the same manner as the costs which they are intended to reimburse or on account of which they are received were apportioned to and assessed upon the towns of Plymouth and Carver. If on the date such reimbursements or others sums of the money are payable by the District to the towns of Plymouth and Carver, any sums of money are then payable to the District from either or both of said towns and remain unpaid, the District treasurer shall deduct such sums from the sums otherwise payable to the treasurer of the town concerned and shall pay the balance, if any, to the town treasurer. Any sums so dedicated shall satisfy the obligation of the town concerned to the District, but only to the extent of the amount deducted.

(L) This Section XVI shall take effect in accordance with its terms upon (i) acceptance before December 1, 1983 of Amendment No. V to this Agreement by two-thirds vote of both member towns in accordance with the provisions of Sections VII and IX of this Agreement and (ii) the passage on or before December 15, 1983 of a special law by the General Court authorizing and validating its provisions. By their two-thirds votes to accept the provisions of Amendment No. V to this Agreement, the member towns petition for the passage of such law.

Precinct #8 Caucus

On September 19, 1983, at 7:00 P.M. the members of Precinct #8 Town Meeting contingent met in the office of the Town Clerk and elected Mr. Charles McGinn of 29 Pinewood Road to serve as a Town Meeting Member until the election of April, 1984. Mr. McGinn will replace Mr. Paul

Magner, who has resigned. (At this caucus, Sarah Fitzgerald of Santo St. also received 3 votes.)

Special Town Meeting

October 3, 1983

The Meeting was called to order at 7:45 P.M. by the Moderator, Clarence Krueger.

The number of Town Meeting Members present at this time was 85, as reported by the checkers.

The Moderator declared a quorum present.

ARTICLE 1: Mr. Pingree moved that the Town appropriate the sum of \$23,159.05 from Overlay Surplus for payment for certain unpaid bills as follows:

Item	Department	Creditor	Amount
A.	Police	Souza's Amoco	\$263.20
B.	Police	Radiology Assoc. of Plymouth	34.00
C.	Police	Plymouth Animal Clinic	5.00
D.	Police	C & C Uniform, Inc.	140.00
E.	Police	Souza's Amoco	104.00
F.	School	Judco, Inc.	22,536.62
G.	Selectmen	Joseph V. Horton, Jr.	76.23
TOTAL			\$23,159.05

This motion was PASSED — UNANIMOUSLY.

ARTICLE 2. Ms. Marcella Jones moved that the Town vote to accept an amendment to the Agreement pursuant to which the Plymouth-Carver Regional School District was established, as initiated and proposed by vote of the Plymouth-Carver Regional District School Committee adopted on August 30, 1983, and entitled "Amendment No. V to the Agreement Establishing the Plymouth-Carver Regional School District providing for the Dissolution of said District"—the text of which Amendment is substantially as stated in the warrant for this Town Meeting

Mr. Charles Pingree, as the Chairman of the Advisory and Finance Committee, presented said Committee's position as being opposed to the said proposal.

Mr. Roger Silva, Chairman of the Board of Selectmen, presented the position and rationale of that Board, as opposed to the proposed de-regionalization.

Ms. L. Cotti, member of the Plymouth-Carver Regional School District Com. presented her arguments in opposition to the proposal/(de-regionalization).

Several Town Meeting members spoke—both in favor of the proposed amendment and opposed to this amendment.

Ms. Louise Hague moved that the Town meeting vote on the motion by roll call. This motion to so vote was approved.

The motion of Ms. Jones was put before the body of the Town Meeting, and the roll call vote taken. Answering in favor of the motion - 24 AFFIRMATIVE and Answering as opposed to the motion - 62 NEGATIVE.

At 9:15 P.M. Mr. Antone Morgardo moved to adjourn and dissolve this Special Town Meeting, and it was so voted.

On August 15, 1983, Fire Fighter John Walsh took immediate action to save the life of Nathan Buchanan. Two year old Nathan was involved in an explosion which in turn ignited his clothing and endangered his life.

Fire Fighter William McBride

On November 22, 1983, Fire Fighter William McBride took immediate action when entering a burning building and saved the life of Leonard Menard, Jr. Mr. McBride risked his own life to preserve that of another.

Lieutenant John Hedge

On December 11, 1983, Lieutenant John Hedge took immediate action to save the life of a driver involved in an auto accident. Lieutenant Hedge exhibited courage, poise, and leadership when he tied a lifeline to himself and swam into the icy water to rescue the driver from the vehicle which was submerged in the water.

Board of Selectmen

The Board of Selectmen respectfully submits its annual report for the year nineteen hundred and eighty-three. The challenges facing municipal governments in Massachusetts in the nineteen eighties are unparalleled in history. Fiscal restraint, increased demand for services, rising fixed costs, growth pressures, unemployment, toxic materials, acid rain and the potential contamination of valuable water resources are just some of the issues confronting town government. Plymouth continues to be fiscally conservative and to seek solutions to school overcrowding.

In April of 1983, Selectmen Roger Silva and David Tarantino were reelected for another term on the Board of Selectmen. Shortly thereafter, Mr. Silva was elected by his fellow Board members to serve as Chairman. The 1983 Annual Town Meeting primarily concerned itself with budgetary reductions in Town and School budgets. Acting within the provisions of the Proposition 2½ legislation, Town Meeting members voted to appropriate funds for certain school expenses subject to the override of Proposition 2½, which was passed by voters in June.

Of prime importance to the Town in maintaining its ability to provide a proper level of quality services is attracting new industrial and commercial development and the expansion of existing businesses. Working with the Director of Public Works, the Board sought and received from the State limited expansion of sewerage capacity. This will allow the construction of the new hotel/conference center on the waterfront and allow modest development opportunities. The Board approved industrial revenue bond financing for the relocation of Commonwealth Winery and the development of the Post Office by Grossman's. The Board also sought during 1983 to develop the Town Wharf parcel for commercial uses utilizing a state grant to provide improved parking and other public works improvement. Despite a negative vote from the Board of Appeals on this matter, efforts continue on this important project.

Late during 1983 the Selectmen entered into negotiations on a contract with SEMASS to provide for a long term solution to the disposal of solid waste. This waste-to-energy facility in Rochester will provide to Plymouth a known cost of waste disposal for years to come without fear of landfill contamination.

The Board continued its effort to seek solutions to our school overcrowding. It organized a joint meeting with School, Finance Committee, and Selectmen of both Plymouth and Carver shortly after a Plymouth Town Meeting voted not to approve the deregionalization of the District. The purpose of the meeting was to bring all parties together in an effort to make the regional concept work and construct suitable school space for all students.

Other events in 1983 which deserve note include the selection of a new leasee for Station One, the carving of the Whispering Giant Indian by Peter Toth, and the campaign to save the Bug Light. Nineteen eighty three also saw the retirement of Selectmen's Secretary Helen Moon, a woman who devoted many hours to the Board and the Town. Helen's retirement is well earned, and the Board again wishes her well.

Last but not least, the Board of Selectmen wishes to thank all elected and appointed officials and employees for their dedication and efforts

during the past year. As the beginning of this report stated, the challenges facing municipalities in Massachusetts and Plymouth in particular are unparalleled in history. Without the expertise, commitment and loyalty of all our officials and employees, such challenges could not be met.

Plymouth Harbor Committee

The Plymouth Harbor Committee submits its 1983 Report in accordance with Article 102 of the 1962 Annual Town Meeting.

During the year of 1983, the Committee held regular or special meetings to study requests and make recommendations to the Board of Selectmen on matters of By-Laws, repairs, useage, and fees concerning Plymouth Harbor waterfront facilities and the adjacent areas.

Concerning the proposed addition of a float and ramp to the existing launching ramp, the Committee reviewed the feasibility of such an addition. Upon considering the tides, winds, cost, useage, safety and lay-out of this addition, the Committee is not recommending this addition. The consensus of the Committee was that the proposed addition would not be feasible to use during bad weather and would not greatly increase the use of the existing ramp area.

Last May, Mr. Donald Correa made a presentation to the Committee to have a 90 ft. museum vessel brought into Plymouth Harbor and berthed at the State Pier. No further contact has been made by Mr. Correa to the Committee.

The changes to the Harbor By-Laws which were passed by the last Annual Town Meeting were forwarded to the Attorney General. The Harbor By-Laws were accepted.

Mr. Delaney and associates, representing the Ocean Spray Co., met with the Harbor Committee last November. They presented a proposal to expand the facilities at Ocean Spray. The plan would involve filling in an area of Plymouth Harbor adjacent to Ocean Spray and possibly dropping the lease of the Town parking lot adjacent to Ocean Spray on Water Street. The plans were tentative and not complete and they were asked to return at a later date with more concrete data.

A 25 acre area opened by the State for the harvesting of shell fish south of the Cordage Park Channel brought many questions concerning grants being allowed in Plymouth Harbor. The mussel harvester petitioners met with the Harbor Committee and the Selectmen requesting permission to seed, transfer mussels from the contaminated areas to the non-polluted area in North Plymouth. They hope to purify the mussels in the transfer through tide water tests. This was presented at both meetings. Five (5) of the 25 acres desired were allotted by the Board of Selectmen for a mussel license and grant to: Michael Withington, Sean Withington, Theodore Burba and Donald Wilkinson of Plymouth, to transfer, seed, and harvest mussels, to be sold as food, etc., with State and local safety precautions and to make reports, etc. This was agreed to by the petitioners.

At the October Committee meeting, Mr. Charles Good, owner of a new 120 ft. fishing vessel, requested permission to winter berth the vessel at the Town Wharf for a period of 6 to 10 weeks to work, commission, and ready the vessel for spring fishing. The Committee sent a letter to the Selectmen recommending 6 proposals which Mr. Good had agreed to, and the Selectmen gave him the necessary permission to tie up at the Town Wharf.

The state, Town and Tender floats were handled and hauled out by the Plymouth Department of Public Works at the Town ramp to reduce the Harbormaster's budget expenditure. The Harbormaster will again make a request for a new boat to better perform his work pertaining to safety, traffic and the water problems within his department.

The Harbor Committee is an advisory committee to the Selectmen, formed to help solve and make recommendations on waterfront problems, upon request.

Recreation Activities Commission

1983 was a very busy year for the Recreation Commission as over 10,000 Plymouth residents participated in the various programs offered. Included in the program schedule were: a Table Tennis Tournament, the Youth Basketball Program, a four session Youth Gymnastics Program, the Annual Walter B. Haskell Memorial Youth Fishing Rodeo, Kite Day, the Summer Playground Program, the Water Safety Program was again offered at four of the Town's Beaches and Ponds, field trips were taken to a Boston Red Sox game and to Lincoln Park, Band Concerts were held at Jenny Grist Mill, Children's Races were held over the Fourth of July weekend, a Family Day Program was held at Stephens Field in October, a Children's Halloween Party was held at Memorial Hall, and the Manomet Youth Center again conducted a variety of youth activities.

1983 also saw the Recreation Commission submit an article to the annual town meeting to allow the Commission to set up a revolving fund. The article received unanimous approval from town meeting and the Commission is now able to conduct self-supporting programs.

In addition to the many programs held, the Commission also supervised the lifeguards, water safety instructors, parking attendants, playground personnel, beach and pond matrons, and the beach and pond concession operators. The Recreation Commission collected and turned over to the Town a total of \$37,784.00 in non-resident beach and pond parking fees.

The Recreation Commission wishes to thank the following who have assisted the Commission throughout the year: Mr. Douglass Gray and the Park Division, Mr. Leonard Harlow and the Maintenance Division, the Board of Selectmen, the School Department, and the numerous businesses and civic organizations who so generously helped to sponsor the Youth Fishing Rodeo.

Plymouth Airport Commission

The Plymouth Airport Commission is pleased to report that 1983 did see some recovery in aviation for this year. From a business point of view, the sale of aviation fuel has improved considerably.

The year 1983 saw the airport commission busy themselves with an up-date of the airport Master Plan, and completing Phase I for the installation of a Localizer at the airport. The Massachusetts Aeronautics Commission (MAC) and the Federal Aviation Administration (FAA) both approved grants totaling \$245,000. for the above mentioned projects. Over the years, the Plymouth Airport Commission has had at least one grant approved per year in a continuing effort to up-date and improve the airport facility for the Town of Plymouth.

Business at Plymouth Airport has increased this year. It is still the home of approximately 135 aircraft and helicopters. The businesses employ about 65 full-time people, plus part-time persons who are associated with the aviation business at the airport.

The airport "Funday" was held in August 1983. The day was sponsored by the Plymouth Aero Club and was very successful. Activities for the day included many flight demonstrations, plane and helicopter rides, plus parachutists. This event attracted approximately 4,000 people to the airport.

The Plymouth Airport Commission membership changed when Mr. Robert (Jake) Crociati was selected in July, 1983 by the Plymouth Board of Selectmen to fill the vacancy of Mr. Sumner A. Chapman, Jr. Mr. Crociati is a long-time pilot from Plymouth and will certainly be an asset to the Airport Commission. Mrs. Leona Asker, who served as commission secretary and was employed by the Town of Plymouth for 23 years, retired in July 1983. We wish her well in the future.

The Plymouth Airport Commission and staff would like to take this opportunity to invite the citizens of Plymouth to visit and enjoy their airport. Plymouth Municipal Airport is still considered one of the best and most attractive airports of its kind in General Aviation along the South Shore, and in New England.

Board of Appeals

The Board of Appeals has regularly held meetings on the first and third Tuesdays of each month to hear and decide applications for special permits, variances and appeals in accordance with the requirements of Plymouth's Zoning By-Law. During 1983, the Board acted upon 87 petitions and held 32 meetings. This is an increase in the number of petitions over the previous year.

Major matters heard by the Board this year included an inn and conference center on Water Street, a mobile home park on Long Pond Road, and a recreational campground on Bourne Road, which were all approved. The Board also heard proposals for a planned shopping center on Route 44 and a specialty shopping and office facility on the Waterfront, which were both denied.

Seven appeals were filed against decisions rendered in 1983. One appeal has been dismissed, and the other six are still pending. In a case from 1981, the Board's decision with respect to the buildability of certain lots in the Island Pond Estates subdivision was overturned by the Plymouth Superior Court.

In June of 1983, Charles J. Brophy resigned as a regular member, and John Gascoyne was appointed to fill the vacancy. The Selectmen also appointed Robert Murray and Richard A. Stafford to replace Allen A. Cotti and John Lee as alternate members of the Board. In October, Eugene V. Blanchard, Chairman, resigned, after six years of valuable and dedicated service to the Board. Richard A. Stafford was appointed as a regular member to fill Mr. Blanchard's vacancy. H. Stephen Fairchild was appointed as an alternate member to fill Richard A. Stafford's former position. In December, the Board reorganized and unanimously elected Richard M. Serkey as Chairman, Everett L. Hale as Vice-Chairman, and Richard A. Stafford as Clerk.

Finally, during 1983, for the first time, the Board collected filing fees from petitioners, pursuant to amendments made to its Rules and Regulations on December 21, 1982. The Board is pleased to report that it collected a total of \$2,350 in filing fees in 1983.

The Board will continue to meet regularly and looks forward to another very busy year.

Planning Board

It has been said that the art of planning is to preserve order amid change and to preserve change amid order. The year of 1983 will be remembered by the Planning Board as one of both change and continuity.

In August, Planning Director Ray Frieden, resigned after ten years of service to the Town. As Plymouth's first Planning Director, his talents and contribution to the efforts to the Planning Board were much appreciated. In November, Sam Butterfield resigned from his position of Assistant Planner, after four years with the Board. Both these gentlemen will be missed. As a result of these staff changes, the Board undertook two extensive personnel searches. John F. Lenox was hired as the new Planning Director and David A. Johnson as the Assistant Planner. We welcome them to Plymouth, and look forward to a productive relationship.

Subdivision Control: With respect to its duties under the Massachusetts Subdivision Control Law, the Board approved a modification of 1 Definitive Plan and approved 2 Preliminary Plans. There were 61 Approval Not Required Plans endorsed and 10 were not endorsed. A complete set of revised Subdivision Regulations was drafted, and comments from local Boards and Agencies were addressed. Public Hearings are intended for 1984. An amendment which was adopted this year was a revision to the fee schedule requiring developers to post deposits with the Town to compensate for review costs.

Zoning Bylaw: The Planning Board acted on 91 Zoning Applications involving research, review and recommendations to the Board of Appeals. In addition, there were 13 determinations made relative to suitable access. Among the major projects addressed by the Board were:

The Village Landing Inn & Conference Center — a 175 room hotel and conference facility off Water Street planned for the site formerly occupied by the Puritan Mills Factory.

Pilgrim Hill Shopping Center — a 160,000 square foot retail development which was proposed to be located between Samoset Street and Summer Street.

Town Wharf Project — a 20,000 square foot retail and office development proposed as part of an extensive package of improvements for the Town Wharf.

Recreational Campground — a 200 site campground to be located on 55 acres off Bourne Road, at Little Sandy Pond.

High Cliff Village — a 82 unit elderly apartment development to be run by the Plymouth Housing Authority.

Transportation: Many of the proposals brought before the Planning Board this year served to underscore the need for highway improvements which have long been supported by the Board. The inadequacies of existing Rt 44 have worsened, as delays have continued in redesign and relocation. Many developments potentially advantageous to our Town have been constrained or stalemated by these delays. Through working with Federal, State, and Regional Agencies the Board has encouraged the necessary facility improvements, and will continue to do so.

Economic Development: In support of Plymouth's industrial and commercial base, a committee was formed in concert with the PDIC to consider possible zoning amendments to encourage economic development. Representing the Board are Messrs. Barnes, Balboni, and McAuliffe. This important work will continue into the coming year, and recommendations to Town Meeting will be formulated.

Water Resources: The protection of our most priceless resource is a continuing task of the Planning Board. In 1983, the Board began work with the U.S. Geological Survey on a study to develop a more thorough understanding of our groundwater system—including a computer model of the aquifer. In the years ahead this will provide an improved technical foundation for the Town's policy of strictly protecting our water resources.

Old Colony Planning Council

During the year, the Council's work was directed toward three major program areas of importance to the member communities of the Council although the staff and Council members were actively involved in other programs and issues as well. The three major programs of the Council during the year were: Transportation and Transit Planning; Economic Development planning and coordination activities; and, Area Agency on Aging planning, coordination and implementation of elder services programs.

The Transportation and Transit planning activities of the Council involved the development of a Transportation Improvement Program (TIP) for the OCPC region that presented the priorities for each community. The TIP includes all transportation improvements required in the region from an individual intersection improvement in a community to the widening and improvement of Route 27 in the region. The TIP also describes each project, classifies these according to federal and state funding categories and assigns local, state and regional priority.

The OCPC staff began efforts to coordinate an informational program to alert communities of options available to them during the reconstruction of the Southeast Expressway to begin in early 1984. Various options including additional bus and rail service, carpooling, and vanpooling are being promoted in an effort to minimize the problem of commuting to work.

In addition, the Council's transportation program has spearheaded an effort to relieve traffic congestion during the S.E. Expressway reconstruction through the development of regional "Park and Ride" lots. Park and Ride facilities have been developed at Routes 3 and 139 in Pembroke; in Bridgewater at the intersection of Routes 24 and 104; and in West Bridgewater at Elm Square. A commuter parking lot was also approved for Abington at Lincoln Boulevard.

Technical reports published by OCPC during the year included a study of Handicapped Transit Service Development; the Route 27 Corridor Improvement Study; Neighborhood Statistics Program in cooperation with the U.S. Bureau of the Census; Regional Traffic volumes; Brockton Area Transit Service Evaluation; and, Selected Regional Intersection Turning Movements and traffic counts. OCPC also acquired traffic counting devices which will be used to gather traffic volume data in area communities.

The Economic Development activities of the Council centered on a study of the feasibility of developing a regional industrial park-office complex at the intersection of Routes 495, 24 and 104 in the town of Bridgewater. The Council's study demonstrated the feasibility of developing the area with proper safeguards and this provided the basis for rezoning the area by the town. The Council feels this area has the potential for being a major employment center in the Old Colony region.

In addition, the Council acting as the regional clearinghouse for review of Industrial Revenue Bond applications processed over twenty-four million dollars in financing for area businesses. The town of Avon benefitted the most from the financing program with \$11,530,000 in bond monies going to the town. Other communities benefitting through the program included: Stoughton - \$6,900,000; Easton - \$2,400,000; Kingston - \$1,200,000; Plymouth - \$955,000; Brockton - \$550,000; and Bridgewater - \$525,000. The Industrial Revenue Bond program was threatened to be severely restricted by the U.S. Treasury Department during the year, but OCPC joined with other supporters of the program to have this important program continued. Industrial Revenue Bonds were the main sources of economic development financing available to business during the year.

Other Economic Development activities of the Council included the coordination of regional development activities through the Overall Economic Development Program Committee; job creation through business development; promotion of labor force training; and infrastructure improvements.

As the Area Agency on Aging responsible for administering Older Americans Act monies allocated to the region, OCPC funded and coordinated a wide range of services to elders. Programs included: Nutrition programs; Senior Center development; Home Health Aide care; Hospice care; Legal Assistance; and, elderly transportation among other services made available through the programs funded by OCPC. District communities directly benefitting through grants from the program include: Avon, nutrition, transportation, and health screening programs; Bridgewater, Senior Center Assistant Coordinator; Brockton, Dorn-Davies Senior Center and Massasoit New Life Senior Center; East Bridgewater, transportation program; Easton, Shuttle Bus grant; Hanson, Senior Center Coordinator; Kingston, Shuttle Bus grant; Pembroke, Senior Center and transportation program; Plymouth, Senior Center; Stoughton, transportation; and, West Bridgewater, Senior Center.

OCPC also funded several areawide programs of benefit to elders such as the Senior Law Project; Catholic Charities Home Health Aide, Respite and Hospice Outreach programs; the Cranberry Area Hospice program; and Emergency Assistance program; Nursing Home Ombudsman program; and, the Nutrition program.

In 1983, Richard H. Chase of Easton was elected to his second term as President of OCPC; A. Stanley Littlefield of Abington was again elected as Council Secretary; and, Lawrence B. Westgate of Kingston was elected as Council Treasurer for the year.

The Council gratefully acknowledges the generous support and cooperation of its member communities, the participation and involvement of members of the Joint Transportation Committee chaired by Mr. John Yaney; the Overall Economic Development Committee chaired by Mr. George Baldwin and the Area Agency on Aging Advisory Committee chaired by Mr. John Mather. The Council also recognizes the work of local boards and commissions and the many government agencies, public and private institutions and individuals who have assisted the Council.

Plymouth Development and Industrial Commission

The Plymouth Development and Industrial Commission is pleased to present this annual report of its activities for the past year.

The Commission welcomes Mr. Lawrence McCarthy and Mr. Richard Godfrey as new Commissioners and thanks Mr. Kenneth Tavares for his service to the Commission.

Mr. Paul Blanchard was elected Chairman and Mrs. Aileen Droege, Vice-Chairman during the annual reorganization meeting held in July.

The Commission was directly responsible for several business development and expansion projects during 1983.

In the Industrial Park over 200 new jobs were created through the construction of the new Foxboro building totaling some 60,000 sq. ft. Construction was also completed on the new 16,000 sq. ft. Colonial Car Lease corporate headquarters and professional offices, and Bartlett Nuclear is nearing completion of their new corporate offices. Pixley Richards Inc. completed their expansion adding over 15,000 sq. ft. and ground was broken for a new day care facility on Richards Road in the Park.

In the commercial areas, the Commission assisted Commonwealth Wines in the relocation of their operation to enlarged facilities off Lothrop Street and the Commission facilitated the renovations currently underway in the main Post Office building by the Grossman's Company.

The Commission was also pleased to have been instrumental in the opening of the new Angelo's and adjacent retail stores in Manomet center this past year as well as implementing the Manomet Small Business Loan Program.

We look forward to an equally challenging 1984 and will continue to promote and develop our community's economic vitality.

Design Review Board

The year 1983 has proven to be one of diverse challenges and changes.

The Design Review Board welcomes Stephen Murphy as its newest member who replaced Russell Canevazzi. The Board would like to thank Mr. Canevazzi for his service and dedication to the Town of Plymouth.

The Design Review Board met 22 times during 1983 and reviewed 98 petitions and proposals. The major projects reviewed were Puritan Waterfront Corp. for the conference center/hotel, a commercial/retail complex for the Waterfront, VSH Realty for a shopping center off Route 44 and two projects for housing for the elderly—High Cliffs and congregate housing. All but two of the above—VSH Realty and the Waterfront Project were approved by the Zoning Board of Appeals. The Design Review Board is working closely with the remaining petitioners.

The Design Review Board meets every other Wednesday at 7:30 p.m. and welcomes public attendance at all meetings.

Redevelopment Authority

During 1983, the Plymouth Redevelopment Authority, continued the phase-out of the HUD Section 312 Program due to Proposition 2½ budget cuts and Federal cutback of funds.

The Redevelopment Authority received notification in early December that the Bradford Street Historic District was accepted on November 10, 1983 for inclusion in the National Register of Historic Places. Nomination papers had been submitted by the Redevelopment Authority in 1982.

The Redevelopment Authority and Whitman & Howard, Inc. completed a Master Plan for the Revitalization and Rehabilitation of the Bradford Area with funds received from a matching grant from the Commonwealth of Massachusetts. The Authority continued to seek funds for rehabilitation of the area through an application for Small Cities funding, however the application was unsuccessful in the final round. Efforts will continue by the Authority to seek funds for up-grading this and other areas of town.

Department of Public Works

As was the case in 1982, this year saw a continuing struggle to provide residents of the community with the levels of services that were possible prior to the implementation of Proposition 2½. There will have to be a limit to the amount of time that capital projects and road reconstruction work can be put off. The same will hold true for replacement of pieces of equipment in the large fleet that this Department maintains.

As the year ended, the final version of a 27 year agreement between the Town of Plymouth and the SEMASS partnership for the disposition of Plymouth's solid wastes was being readied for a Special Town Meeting. A key provision in the agreement will have SEMASS construct, at no cost to the Town, a transfer station for all of Plymouth's wastes at the site of the present South Street Transfer Station. We believe that SEMASS will afford the Town a long-term solution to our waste disposal needs at a known, reasonable cost in an environmentally sound manner.

The Town-wide wastewater study continued, with much attention being paid to where treated wastewater would ultimately be deposited. One land application site (County Farm property) and one harbor discharge site (Goose Point Channel) were being given final consideration, with the selection scheduled for January of 1984.

The most significant accomplishment of the year was the reduction of flows at the Wastewater Treatment Plant by more than 500,000 gallons per day as a result of repairs to the Cordage Interceptor. As a result of this reduction, the Division of Water Pollution Control allowed an increase of 100,000 gallons per day in the Sewer Bank. The Town must, however, continue to make repairs and improvements to the system and plant. A major expenditure for sludge dewatering equipment at the plant will be necessary in 1984.

The resurfacing of the main streets in the Downtown area and the installation of thermoplastic pavement markings afforded a bright, finished look in the Central Business District.

The retirements of Otto Seigel, Warren Smith and Kenneth Gibbs of the Highway Division, Manuel Alves of the Sewer Division of Joseph Schneider and John Darsch of the Maintenance Division marked, in each instance, the end of many years service to the Town.

The cooperation and assistance of other Town Departments is acknowledged and appreciated.

Engineering Division

Nineteen Eighty-Three saw the Engineering Division enter into the initial stages of conversion from a design to a record maintenance facility. A marked reduction in construction and street acceptance projects due to financial restraints and increased awareness of the capacities of the town owned computer have afforded us the opportunity to begin computerizing our filing system and compile an inventory of existing municipal properties and utilities. These two items are vital to efficient information retrieval, a prime function of a progressive municipal engineering operation.

Routine functions performed during the year include:

1. Assessors Map Revisions — 342 parcels affecting 57 plats (full and half-size originals revised);
2. No streets were considered for public acceptance;
3. Highway and Drainage Construction Projects:
 - a. Completed — Palmer Road, Nelson Street Playground, Tower Road;
 - b. In Progress — Esta Road, Presidents Lane, Earl, Center and Ray Roads, Lady Slipper Drive and Vine Hills Cemetery Addition;
4. Surveys:
 - a. Completed — Conservation Land (Off Beaver Dam Road), Reset Town Line Bound (Boundary Street/Kingston), Industrial Park Road, Old Beach Road, Manomet Avenue, Oar and Line Road and monumentation of Town Ways (117 bounds set);
 - b. In Progress — Manomet Point Road, Town Forest, Old Sandwich Road and Nathaniel Street;
5. Printing Services:
 - a. Eighteen sets of Assessors Maps (142 sheets each) for use by various Town Agencies;
 - b. One hundred twenty sets of Zoning Maps (13 sheets each) and
 - c. Approximately 725 prints of miscellaneous plans and drawings;
6. Miscellaneous Work:
 - a. Twenty-one site plan reviews for the Planning Board and Board of Appeals;
 - b. Street numbering (80 - 85% complete);
 - c. Street name study committee formed to deal with name duplications;
 - d. Participation in the development of the Landfill Users Program, and
 - e. Assistance to other D.P.W. divisions in the performance of their day-to-day duties.

We take this opportunity to acknowledge the assistance and cooperation of the many individuals and agencies, both public and private, who have enabled us to maintain our level of service throughout the year.

Maintenance Division

1983 was again a busy year for the Maintenance Division.

General repairs were made to the Town Office Building, Memorial Building, State Pier Sanitary, Old Town Court House Sanitary, 130 Court Street Building, Cedarville Schoolhouse, Bartlett Hall, Highway Garage, Fire Stations, Police Station, Howland Street Shop and Pumping Stations, Harbor Master Office, Cemetery Division Building, Dog Pound, South Street Fire Station and the Public Library.

Renovations were completed to the three rooms of the Industrial Commission Office at 130 Court Street. The floors at the Memorial Building were resanded and refinished during the summer months. The floats at the Town Wharf were rebuilt as well as renovation work and repainting being done to the Harbor Master's Office.

The major project was the construction of a new Handicapped Ramp at the Town Office Building. This was completed for the opening ceremony that was held on December 21, 1983.

General maintenance of vehicles was done by the three Mechanics and the Maintenance Man to keep up with the constant repairs that were needed. 1983 saw the retirement of John Darsch, Mechanic, after 16 years of service.

The Maintenance Division wishes to thank all involved in helping and assisting us during 1983.

Sewer Division

During the twelve months of 1983, approximately one billion gallons of wastewater were treated at the Water Street treatment plant, an increase of some seventeen million gallons over the 1982 figure. This increase is due to several periods of heavy rain which occurred during the year.

Of the one billion gallons, four million, five hundred seventy thousand gallons of septage wastes were deposited at the nightsoil facility.

A major repair to the collection system was carried out this year when town forces rebuilt two manholes and 750 feet of 18-inch pipe was lined using the Insituform process on the Cordage interceptor. Flows at the plant dropped sharply as a result of this removal of more than 450,000 gallons per day of infiltration from the system.

We anticipate that the total flow at the plant for next year will be considerably less than for 1983.

The Division wishes to thank all who offered their assistance this year.

Highway Division

I herewith submit a report of the work done in the Highway Division of the Department of Public Works from January 1 to December 31, 1983.

STREET CLEANING

The two Mobil sweepers started cleaning winter sand in April. The main street and the waterfront were swept every day and the side streets were done in rotation. The second sweeper serviced Manomet, Cedarville, Chiltonville, Long Pond, Buttermilk Bay and the private developments.

ASPHALT SIDEWALKS

The construction and maintenance of asphalt sidewalks and curbs was completed on the following streets: Russell Avenue, Park Avenue, Park Road, Forest Avenue Ext., Atlantic Street, Mt. Pleasant Street, Hall Street, Chilton Street, Davis Street, Highland Place, Sandwich Street, St. Mary's Church and Oak Street.

DRAINAGE AND DRAINAGE MAINTENANCE

Drainage was installed on Palmer Road, Clayhill Road and Tower Road. Drainage was also placed at the Nelson Street playground for the Park Division. At the intersection of Taylor Avenue and Hilltop Avenue in the White Horse Beach area, a section of pipe 150 feet long had to be dug up and reset as it had been raised by the winter frost. At Fisherman's Landing an outlet pipe had to be relocated.

MAINTENANCE OF PRIVATE ROADS (Temporary Repairs)

Private roads in Plymouth, Manomet, Ellisville, Cedarville and Buttermilk Bay were repaired with gravel, stonedust and patch materials by the Highway Division. The maintenance of town accepted dirt roads was completed by grading and placing select gravel where needed.

SEALING OF ROADS

The following streets received a seal coating this year: Sandy Pond Road, a portion of Center Hill Road, College Pond Road and Florence Street.

GUARD RAILS

Guard rails were constructed and repaired by town forces on Rocky Hill Road, Billington Street, Nelson Street and Jordan Road. On Sandwich Road in the Chiltonville section, 55 Steel H Posts were installed from Pole #7 to Pole #149.

TRAFFIC AND STREET MARKINGS

The painting of 4" Center Lines was put out to bid this year and the contract was awarded to Markings Inc. of Hingham. Parking areas, meter spaces, stop lines and crosswalks were painted by the Highway Division. Many signs have been made and installed during 1983. Vandalism, accidents and stealing of signs have been a great expense to the town.

MISCELLANEOUS

The work in the districts of Long Pond, Cedarville and Manomet has been carried out by the district foremen. Other work done by the Highway Division includes patching of roads, roadside mowing, grading and graveling of dirt roads, installing and removal of snow fences, applications of calcium chloride on dirt roads, replacing parking meters, plowing and sanding, rubbish pickup, picking up of litter and pumping poor drainage areas. The basin cleaner cleaned drains from April to November. Repairs of signal and school lights are being done by the Highway Division.

Requests from the public, Selectmen's Office and Department of Public Works were taken care of by this office as received.

I wish to thank all division heads and their employees for the cooperation that they have given me this year.

Park Division

During 1983 the Park Division personnel maintained the approximate fifty locations that are under its jurisdiction. These areas range in size from 180 acres in Morton Park to the many rotaries and traffic islands, to the three miles of Plymouth Long Beach and one mile of White Horse Beach.

As in past years, vandalism and litter are an increasing problem within the Town's recreational facilities. This maintenance problem becomes more of a dilemma when coupled with a reduced work force and a reduced operating budget as we have experienced the last two years.

The renovations at Nelson Street Memorial Playground continued this year with the new entrance road and parking area being completed. During next Spring, the final work will be completed when the new sidewalks are constructed.

Park Division personnel also completely rebuilt two wooden bridges which span Town Brook in The Brewster Gardens area. The longer bridge near Water Street was last rebuilt about thirty years ago while the smaller one was installed originally by The Summer Street Redevelopment Authority Project in 1966.

The Tree Division of the Department of Public Works was, for the first time combined with the Park Division in its supervision. It is hoped that effective tree work within the Town will be able to continue as in the past.

During this year the Gypsy Moth problem lessened within the Town. Spraying this year was done with Dipel, a very safe and effective chemical. It would appear that the Gypsy Moth population will be lessening for a few years.

The tree planting program was again not funded as in the past two years. We would hope that this replacement program could be reinstated in future years.

The cooperation and help from other Department of Public Works Divisions with our work this year is acknowledged and appreciated. We also thank the Recreation Activities Commission for their continued cooperation.

Water Division

The 129th Annual Report is hereby submitted by the Superintendent covering the calendar year 1983.

The total rainfall during the year amounted to 68.44 inches, which is about 21.44 inches above the annual average for this area.

The year ended with the water elevation at Little South Pond at 105.6 feet compared to 103.50 feet for the previous year end.

The pumpage for the year amounted to 1,763,005,900 gallons which is 171,075,000 gallons more than was pumped last year.

Receipts from the sale of water, connections to mains, services rendered, etc. amounted to \$973,556.12.

Total in use, 29 miles, 3,827 feet.

Service taps added, 135; discontinued, 0.

Total now in use, 9,535.

Average length of service, 20 feet.

Average cost per service, \$109.00.

Meters added, 178.

Number now in use, 7,626.

Percentage of services metered, 80 percent.

Cemetery Division

The Cemetery Division of the Department of Public Works is responsible for the operation and maintenance of the Town's sixteen cemeteries.

With each passing year, the amount of time spent repairing damages caused by vandals seems to increase. Unfortunately, some of the historic stones damaged each year cannot be repaired.

During the year, 132 gravesites were sold; 87 at Vine Hills and Oak Grove, 21 at Manomet, 17 at South Pond, 6 at Chiltonville, and 1 at Cedarville.

Burials totaled 138, with 108 being at Vine Hills and Oak Grove, 18 in Manomet, 6 in Chiltonville, 3 in Cedarville, 2 in South Pond Cemetery, and one in Faunce Memorial.

The assistance of the Police Department and other Town agencies is acknowledged.

Report of the Town Accountant

I herewith submit my report of the financial transactions of the Town of Plymouth for the fiscal year ending June 30, 1983.

There were no overdrafts for fiscal 1983, but the following unpaid bills remain on file in this office:

Assessors Department

The fiscal 1983 tax rate was set at \$21.70 per thousand dollars of assessed valuation on May 24, 1983.

The first half of the fiscal year's tax bill was estimated to allow a timely mailing on November 29, 1982 due to the update ordered by the Department of Revenue and according to provisions of Chapter 797. The update for fiscal 83 was postponed until fiscal 84 allowing the bills to be mailed essentially the same in May of 83.

The computerization of this office is approximately 75% complete. The motor vehicle excise tax system is completely automated. Valuation update software is being tested and shall project new values for the May fiscal 84 billing.

A boat excise tax bill will be mailed in January of 1984 from computer software recently designed.

All the members of the Assessors office and the Town House wish Mrs. Shirley Paananen a happy and healthy retirement that is well deserved for all her kindnesses and assistance she has so faithfully rendered to the public in the past 18 years. Her experience in the Assessors office has helped to implement a computer system and a more streamlined operation of this office.

The Board of Assessors appreciates the cooperation and assistance of the clerical staff in the past year.

Plymouth Public Library

The 1983 calendar year saw many changes for the Plymouth Public Library, particularly regarding the staff. David D. Lewis was appointed Library Director upon the resignation of Ruth Chamberlain in July, and Deborah Schilling was hired as Assistant Director in September.

The effects of a level-funded budget combined with inflationary increases in the cost of library materials bought significantly less books this year. This, combined with the decrease in library hours due to Proposition 2½ cutbacks, accounts for the 3.7% drop in circulation at the Main Library. Circulation at the Manomet Branch Library and the Bookmobile remained about the same.

The current Board of Directors for the Plymouth Public Library are Barbara Anzuoni, Russell Blake, Tom Bosanquet, Troy Creane, Otto Fehlow, Nicholas Filla, Joan Frates, Joseph Gallitano, Ronald Holmes, Doris Green, Fay Meltzer, and President Jeffrey Kapell. One position on the Board was open at the time of this report. The Plymouth Public Library Corporation is a non-profit corporation dedicated to the provision of library services to the Town of Plymouth.

Veterans' Services

During 1983, several notable amendments to our regulations were made. An entire section to our Computer Match Program has been made. Other changes involved self-employed veterans, agreements to reimburse, (VS 20A), formula for computing refunds, procedures for unemployed applicants, and procedures of payment on pending appeal cases.

Medical costs continue to increase each year. In some cases, averaging 18% or better. Effective 10/1/83, hospital rates were increased significantly locally. The Rate Setting Commission has changed the formula from a per diem rate to a percentage rate at a higher base. Other medical service costs have increased accordingly also.

On September 1, 1983, John Halachis was sworn in as the new Commissioner of Veterans' Services replacing Commissioner Charles N. Collatos after 25 years of service to the Commonwealth.

H-747, legislation for increasing reimbursement to all cities and towns by 25% which was sponsored by the Mass. Veterans' Services during my tenure as President of this Association has been resubmitted.

Veterans Administration

In 1983, President Reagan appointed Harry M. Walters as the new VA administrator. With the exception of the Department of Defense, this is the largest independent agency of the Federal Government. The proposed budget for 1984 is \$26.1 billion.

VA administers one of the world's largest medical systems. It has 172 hospitals, and 226 out-patient clinics. Compensation payments for service connected disabilities exceeded \$10.1 billion for 1983. Non-service connected pensions totaling \$3.9 billion was paid to 820,000 veterans and 943,000 needy survivors and their dependents. There are over 30,000,000 veterans in this country.

During 1983, several meaningful legislation was passed. Public Law 95-588 granted a 3.5% increase in pension and DIC dependents. Public Law 97-300, Job Training Partnership Act authorizes 5 percent of the National program funds, (excluding Jobs Corps) to meet the employment and training needs of Vietnam veterans, disabled veterans and those recently discharged from the service. On November 1, 1983, the VA home loan rates dropped to 12.5%.

I wish to thank all agencies and departments who have cooperated with our department during the year. Also, the Division of Employment, War Records, our staff, Mrs. Jean Goduti, and Mrs. Ann Torrance.

Council on Aging

New programs initiated by the Council on Aging in 1983 have included the distribution of government surplus cheese and butter to needy households and involvement with incarcerated elderly at the Plymouth County Jail. By contract with the Department of Education, the Plymouth Council on Aging became the distribution agent for government cheese and butter. The place of distribution was Memorial Hall on days publicly announced.

With the approval of Sheriff Peter Y. Flynn, the Plymouth County Jail program began with a community garden on the institution property. Participants in the garden project included senior citizens of the town and of the institution. Approximately 2,000 pounds of vegetables yielded were distributed to elderly residents through our senior center.

Under Title III of Older Americans Act, Lee Anderson coordinated the new programs mentioned above as well as the ombudsman, arts and crafts. Under Lee Anderson's supervision the following support groups were established: Parkinson's Education Program (PEP) and the Samaritans. Sheila Fortes extended our Center social services to areas of elder abuse and alcoholism. She assisted in emergency situations involving utility cut-offs, housing and fuel assistance. Viola Kessell, our nutrition site manager, coordinated the meals served at our senior center.

Under Title V of Older Americans Act, Senior Aides served in various capacities as follows when 1983 ended: Barbara Ruffini and Anna Powers, Dispatchers; Reme Mazzucco and John Dries, Nutrition Aides; Betty Leach and Bernadette Tarjeck, Meals on Wheels and Ombudsmen; Lola Johnson, Ruth Fanning and Marie Rickert, Secretaries; Lucy Sears and Virginia Murray, Accountants; Ginny Haskins, Older Worker Specialist; Robert Rogers, Assistant on Shuttle Bus. Joseph Kelly, Dennis O'Leary, Antonnette Scalabrini and Joseph Pacheco were enrolled in the Elder Service Corps assisting in our programs.

Plymouth Board of Selectmen appointed Marion Parks and Arthur Staples to the Council on Aging. Genevieve Ash was reelected Representative to the 6th Plymouth District and Speaker of the Silver Haired Legislature House of Representatives. Christian Schembri and Hope Cole were elected Vice Chairman and Treasurer respectively of Southeastern CIRCA.

In the area of Transportation, 24,672 elderly passengers were carried, an average of 99 per working day, on our Shuttle buses. The Plymouth Community nurses encountered 1,937 older residents in health sessions. In our nutrition program, 22,100 meals were served at the Senior Center.

Conservation Commission

This year we held many public hearings, issued permits for wetlands related construction, placed several cease and desist orders and inspected all work for which we had issued permits. Additionally, our efforts on pond and water supply purity have intensified.

As in the past, we have solicited an in-depth six-pond study to compliment our forty-one pond and eight-pond studies. The most recent report should be available to the public in the Spring of '84.

In other pond related business, the Commission provided extensive water quality data and assistance to the Division of Fish and Wildlife in treating Lout, Fresh, Big Sandy and College Ponds with limestone to counteract acid rain problems.

In cooperation with the Massachusetts National Heritage Program the Commissioners aided in identifying and protecting the rare and endangered plant species that appear in many sections of the Town.

The Conservation Commission supported recently passed State and Federal legislation which prevents development on any of Plymouth's Barrier Beaches.

Finally, the Commission has funded and planned in conjunction with the U. S. Department of Agriculture, (Soil Conservation Service), Phase III of the Plymouth Beach Coastal Dune Stabilization Project. This phase will include planting over 8,000 beach grass plants to reduce erosion on the Eel River bank; associated regrading and the installation of a rock chute for the purpose of correcting drainage problems in the adjacent Town Parking Lot; and the installation of fencing on the slope of the Eel River bank to protect planted areas.

FIRE ALARM DIVISION:

Peter Gage, Superintendent of Fire Alarm

Maintenance of the municipal fire alarm system, electronic communications and radio equipment is as always a continuous year round effort. Systems realiability under the most adverse of conditions must be assured.

At this time there are in excess of 30,000 devices capable of detecting fire or smoke directly connected to the municipal fire alarm system. Hundreds of these devices are in town owned buildings. Hundreds of millions of dollars in property valuation and thousands of jobs are protected from potential fire loss by direct connection to the municipal fire alarm system. Growth in this area of automatic fire detection is widespread throughout the country as a result of large fire losses and the subsequent change to ordinances and codes at all levels of government.

This year as the result of the acceptance of Massachusetts laws that make fire detection and extinguishing systems in certain buildings (MGL, C148, S26C, S26G) by the town meeting many new plans have been approved and many projects inspected for compliance.

- 245 Alarms were received on the municipal fire alarm system.
- 19 Alarms reported actual fire conditions in progress.
- 86 Alarms were identified as malicious false alarms.
- 140 Alarms were of known causes such as non fire related smoke or heat, broken pipes or other sprinkler system water problems, accidental mechanical damage to systems, and malfunction of system electronics, such as smoke detectors.

The most significant fires reported by the system were:

- Box 311 Revere Copper and Brass - Boundary Street - Automatic alarm from sprinkler system
- Box 37 Court and Lothrop Streets - pulled by a citizen Dunlap building near Nelson Street Play-ground
- Box 4121 Jordan Hospital - Several insignificant smoke or heat conditions detected and reported automatically
- Box 4122 heat conditions detected and reported automatically

New Boxes Added in 1983:

- Box 1217 Noonan Leyden Press - Samoset Street
- Box 1344 Industrial Park Road and Richards Road
- Box 1346 Colonial Place Office Building-Industrial Park Road
- Box 1363 52 Liberty Street
- Box 1519 Agway - Long Pond Road
- Box 2246 Lawrence Road and Dorothy Road
- Box 343 High Cliff Elderly Housing - Prince Street
- Box 3441 St. Mary's Parish Center - Court Street
- Box 392 Massasoit Vending Company - Howland Street

At this time there are 14 new systems in the planning and design stage.

We are still looking forward to the acquisition of computerized dispatch aid systems to relieve the every increasing fire alarm operator workload.

Much assistance has been rendered to this division by other members of the Fire Department without whose help many projects would remain incomplete.

Harbor Master

The year 1983 saw many more boats, both commercial and recreational, utilize our wharves and support facilities. There was an increase of between 20-25% in both categories. Commercial fishing boats increased from 70 to 103 ranging in size from 30' to 104' with 70 of these boats being permanently moored or docked in the harbor. The Marina was fully operational with all its slips filled, this increased the recreational boat fleet by slightly over 100 boats in all sizes from 26' to 100'. Over 6000 small boats were launched from the boat ramp, these boats were from, for the most part, Southeastern Mass. This is a very conservative figure because it is almost impossible to keep an accurate check as boats were being launched 24 hours a day.

Unfortunately, by order of the State, our shellfish beds inside the harbor are still closed because of a high bacteria count. The only areas open are on the East coast of our coast line, Clark's Island and parts of Saquish Beach, several mussell fishermen are operating in this area.

Our patrol boat responded to 3 suspected boat fires but they all proved false after being checked out. We had 1 serious boating accident in the harbor with the loss of one life. The cause of this accident was due to all persons aboard drinking alcoholic beverages heavily.

The annual Blessing of the fleet and Fish Bash were again held this year but we had a surprise Easterly storm hit us in the morning and curtailed all activities for the better of the day.

At this time I would like to express my personal and my department's thanks to Scituate C.G. Station for their assistance during the many times our boat was out of service and also to all the private craft for that same reason, this allowed us to give the same caliber of service that we give under ordinary conditions.

Office of Emergency Preparedness

The Office of Civil Defense and Emergency Preparedness is located in the basement of Memorial Hall, 83 Court St., Plymouth. This location was chosen for survival reasons. Telephone numbers: 746-4186 and 746-4039.

In the event of any emergency declared by the Plymouth Board of Selectmen (or higher authority), the Office of Civil Defense and Emergency Preparedness (OEP/CD) will become operational on a full-time basis. It is presently manned by a permanent, part-time secretary three days a week (Monday, Wednesday, and Friday) between 10:00 a.m. and 2:00 p.m.

Mr. James W. Ryan, the present Director, was appointed by the Plymouth Board of Selectmen for the term beginning 1 July 1983 through 30 June 1984.

This department is the town agency responsible for the coordination of all town departments and resources in times of disaster, natural or man-made. In the event of an incident at the Pilgrim Nuclear Power Station (PNPS), this office will be responsible for the orderly evacuation, of any town residents that may be affected by the incident.

The Radiological Emergency Response Plan (RERP), adopted by the Plymouth Board of Selectmen on 1 January 1980, is now in effect. This plan calls for a number of different protective actions, such as staying home, sheltering or evacuation to protect the health and safety of town residents. The type and seriousness of an accident will determine the action to be implemented. The basic concept of the plan is to provide an orderly evacuation of any portion of or all of the population within a ten (10) mile radius of the Pilgrim Nuclear Power Station should conditions warrant this protective action. It also describes, in detail, how each town department shall respond and what their duties are during this period.

COMMUNICATIONS

The Emergency Operations Center (EOC) continues to improve. The Center has a radio room that is capable of two-way radio communications between the Center and the Plymouth Police, Fire and Department of Public Works. We have also developed a radio system that allows us to maintain communications with the Massachusetts Civil Defense Agency and the Massachusetts Department of Public Health through either the RACES (Radio Amateur Civil Emergency Service) or the Massachusetts Executive Department frequencies. This capability was funded, in part, by State monies.

In November of 1982, the Town Siren/Notification System became fully operational. This system is regulated by the Board of Selectmen and is activated at their request only. Actual control is from the Central Fire Station Operations Room.

VOLUNTEERS

As always, we are in need of volunteers for all phases of our operations.

Building Department

1983 was a banner year in the Building/Zoning Department. Building permits were up 17%, zoning permits up 22%, wiring permits up 20%, plumbing permits up 12%. We also issued 110 more permits for single family houses this year than last year. In total, the Building Department issued over 5,400 permits with over 10,800 inspections made. A most important revelation happened in 1983, in that this department brought in over \$155,800. in revenue, which was approximately \$38,500. over last year.

With the new trend in the number of permits being issued, I would say that Plymouth's growth is on the rise again. The Building Department is on the verge of being self sufficient. Needless to say, the money taken in and the amount of permits issued this year could not have been accomplished without the dedication and hard work of the people involved in this, especially the clerical help. I would personally like to thank Holly Ricardo, Elide Butters, Kathie Shone, Harry Taormina, Edward Pacheco, Richard Morini, Robert Moon and Thomas Rapoza, without all of them we wouldn't be where we are today.

An informed citizen is the best defense for safety and security. To the end, the Building Department is always available to answer any questions or concerns which will insure better living conditions for the citizens of Plymouth.

Plymouth Community Nurse Association, Inc.

The Plymouth Community Nurse Association, Inc. has been providing on a part-time, intermittent basis, qualified Public Health Nursing, therapeutic services, health guidance, professional education, community planning and health education. These services are provided regardless of race, creed, sex, national origin, or the ability to pay.

In keeping with our philosophy, the Board of Directors and PCNA Staff are deeply committed to the insurance of holistic quality health care and are ever striving to identify individual and community needs and to develop and implement programs to address these needs. Currently, this is done through direct service to the acutely ill, as well as to those requiring preventative teaching and rehabilitative service in their homes, in the PCNA office, or community-based clinics. Our Early Childbearing Program, which is funded by the Massachusetts Department of Social Services, the Southeastern Chapter of the March of Dimes, the Old Colony United Way, and a partnership agreement with the Plymouth Board of Health, provided 957 nursing and social service visits to the pregnant and parenting adolescent population.

Board of Health activities (Well Child Clinics, newborn assessment, communicable disease follow-up, tuberculin testing, immunization programs, health teaching and supervision) are rendered by our entire professional staff.

We are pleased to be a part of the collaborative effort which seeks to promote growth, health and happiness for the citizens of Plymouth.

Plymouth County Mosquito Control Project

The Commissioners of the Plymouth County Mosquito Control Project are pleased to submit the following report of our activities during 1983.

The Project is a special district, created by the State Legislature in 1957, that is now composed of 20 Plymouth County towns, the City of Brockton, and the Town of Cohasset in Norfolk County. Approximately 350,000 people are served at an annual per capita cost of \$1.05.

1983 was a difficult year for mosquito control operators in southeastern Massachusetts. A warm winter and heavy rains resulted in heavy mosquito breeding, especially of the species responsible for transmitting Eastern Equine Encephalitis. During August, crews were operating nearly 24 hours per day, 7 days per week, to lower the potential for transmission of this deadly and unpredictable disease. The Project expects to receive approximately \$20,000 from the Governor's Emergency Fund to help offset the costs incurred during the outbreak. It is quite likely however, that more Encephalitis activity will occur in 1984.

In order to prioritize a massive number of possible mosquito control activities and thereby make efficient use of a very limited budget, a system has been developed to monitor adult and larval mosquito populations across our 603 square miles. Voluminous amounts of data are being collected from 1500 to 2000 breeding areas thus far located, catalogued, and visited periodically during the warm season. With the aid of a newly acquired computer system, we can utilize the data to more readily isolate areas where various control methods will result in the greatest relief from mosquitoes with minimum hazard or environmental impact.

During 1983, the Project's accomplishments were greater than any other previous year despite per capita expenditures that have not been increased in nearly eight years. Previous annual reports have listed various data representing the magnitude of accomplishments in various activity categories on a sum-total basis. This year for the first time, again with the aid of a computer, the figures specific to the town of Plymouth are given below. Though mosquitoes ignore political boundaries, these figures may provide a better picture of the cost effectiveness of our program.

1. *Insecticide Application.* In the Town of Plymouth, 45274 acres were treated by truck mounted sprayers for the control of adult mosquitoes. Many visits over the course of 15 weeks were required to accomplish this. As we have completely converted to the use of silent electric sprayers used at night, many residents expressed dismay believing that we were no longer spraying at all.

Our greatest increase in effort has occurred in the control of mosquito larvae in pools, swamps, marshes and other standing water areas that have been located and catalogued. Inspectors periodically collecting data at these sites will treat with relatively non-toxic larvacides (usually mineral oil) if substantial numbers of larvae are found. In Plymouth, a sum-total of 891 visits were made to 165 potential breeding sites. Some of these were at the request of Plymouth homeowners with standing water on their properties.

Finally, a total of 2652 treatments were made to storm sewer catch basins to prevent breeding.

2. *Water Management.* During 1983, crews removed blockages, brush and obstructions from 1200 linear feet of ditches and streams to prevent overflows or stagnation that can result in mosquito breeding. This type of work is steadily increasing, though reclamation by machine has been temporarily decreased.

We encourage citizens or municipal officials to call our office for information about mosquitoes, mosquito-borne diseases, sources of breeding , or other matters of concern. Controlling mosquitoes and the diseases they carry is a difficult and ongoing job that benefits from the input of those affected.

Plymouth School Committee

This past year has been one of great change and challenge in the Plymouth Public Schools. A comprehensive Language Arts Curriculum development project was undertaken and completed, thanks to the collective efforts of educators, parents, and consultants alike. Although the transition phase of the project spurred some controversy, the challenge of change provoked by the number of national studies and reports is being met by the many professionals in our school system.

Following a reorganization of Pupil Personnel Services, Dr. Dean Koulouris was hired to administer special education services for the children in our community. We are pleased to have such a competent and committed individual join us and we wish him every success in his new position.

We are delighted with the success of the new differentiated Kindergarten program begun this year, which provides for children of varying developmental readiness. Also we have launched a program to prepare educators to plan curriculum materials and identification procedures to meet the needs of gifted and/or talented students.

In an effort to prepare youngsters for the demands of our technological society, we have acquired grant money for the purchase of computer hardware and software. A committee has been established for the purpose of studying the appropriateness of equipment to meet our needs.

Because of the financial constraints imposed on municipalities, particularly in the state of Massachusetts, professional negotiations this year were long and difficult and resulted in a one-day strike action. It is heartening to note that a settlement has been reached, and that during this unsettled period, all parties continued to work diligently toward the common goal of excellence in education.

Plymouth-Carver Regional School Committee Report

For this school year we found it necessary to increase the percentage of Grade 10 students at the Intermediate School. This served to further deny access to the core areas for Grade 8. Because of the enrollment limitations in art, music, shop and home economics, we instituted a fifth required course in developmental reading for all Grade 8 students who were not taking a foreign language.

During all of this year we have looked at the projected enrollment increase anticipated for September of 1984. It is wholly unreasonable to place 328 more students within the already crowded Intermediate and High School buildings. Thankfully, Carver has made provision to once again provide for Carver's 187 Grade 8 students by constructing an addition of 7 classrooms entirely at their own expense. Had this not happened, there would have been 515 added students for our two buildings.

The four alternatives available to us were 1) to rent suitable classroom space, 2) to double session either Grade 8 or Grade 10, 3) to lease relocatable classrooms or 4) to purchase relocatable units.

No suitable classroom space proved available for our use. We talked with local realtors and with nearby school departments. When we discussed double sessions with the State, they insisted upon the full five and one-half hours for each session. This would create a 7:00 A.M. to 6:00 P.M. school day with bus rides starting at 5:45 and ending at 7:15. Educationally, there was no one to speak in favor of the afternoon programs.

This left us with the two alternatives: to lease or to purchase fourteen relocatable classrooms. It was found that it would cost as much and more to lease for three years as to purchase outright. We were also aware that leasing costs would necessarily be taken from the operating budget. This would have made necessary drastic cuts in educational programs subject to a two-thirds override of 2½.

So it was that we decided the better course to be that of outright purchase. As we moved into this study, we found many state and local codes that imposed expensive construction requirements. These are intended to make the units as safe for student occupancy as possible. At this writing, the costs of the complete installation is very close to \$1,000,000.

We shall be asking you at a Town Meeting to be held later this month to support our request for a bond issue which must later be approved by a majority override that would put the capital cost outside the 2½ limitation. It is important that you note that this amount will not mean a permanent increase in your tax levy. Instead, it will be an exclusion only for the five years of the bonded indebtedness.

We feel that we have had excellent cooperation from the Selectmen and Finance Committee members of both towns in reconciling the differences in community feelings in regard to continued regionalization. It is our hope that accommodations will have been achieved and that we shall soon be before you for your approval of two new secondary schools, one in Carver, one in Plymouth.

May this prove the last of the many reports we have furnished that shared your hope for a long range solution to our secondary space needs. Next year's report should indicate the progress of our building committees. If we work together towards this end, it will be accomplished.

Annual Report of the Principal of the Plymouth-Carver High School

This school year saw a change in administration at Plymouth-Carver High School, one which resulted in substantial differences in the school environment and program. It was a year of changes, adjustments, and progress. This was characterized by input and cooperation from students, staff, and parents.

The year was marked by a number of significant events. The 20th Anniversary of Plymouth-Carver High School was observed with an Open House on November 22, 1983. A series of Visitors' Days was held for members of the community which afforded them an opportunity to see the school in action. Work was begun in preparation for the evaluation of the high school by the New England Association of Schools and Colleges. A Students Against Driving Drunk (S.A.D.D.) Chapter was established by the student body. The Parents' Advisory Council (PAC) intensified its efforts to assist the administration.

There were numerous advances academically.

The Business Education Department acquired technologically current equipment to meet the ever-changing demands of business.

The English Department entered the fourth year of instruction within a core curriculum enriched by elective offerings. The department was, for the first time, the recipient of a commendation from the National Council of Teachers of English for excellence in instruction as evidenced by participation in the National Achievement Awards in Writing Competition.

The Industrial Arts Department modified courses in the energy and architectural areas in response to our changing societal needs.

The computer programming offerings of the Mathematics Department were up-graded by offering a course in PASCAL.

The varied activities of the Physical Education Department stressed recreational, team, and individual programs to meet the needs of the total student body.

The Science Department offered its first Advanced Placement Course, A.P. Biology. In addition, all science teachers entered into a computer literacy program.

The Social Studies Department interdisciplinary program, "Using Writing to Teach Social Studies," was featured at the annual meeting of the New England Association of Teachers of English. In addition, a grant was won by the Social Studies Department which resulted in two teachers receiving full summer scholarships to the Fletcher School of Law and Diplomacy at Tufts University.

The Special Needs Program was re-organized to bring the learning disabilities and resource teachers under one department. This resulted in better communications and improved service to our special needs students. Another re-organization led to the creation of a separate Reading Department.

The Department of Media Services continued its support function of service to the students and staff. The Library Media Center focused its efforts on service to both classes and individuals. New curriculum resource guides in nine subject areas highlighted specific reference works valuable for various types of research. Service to students was further improved by establishing a Career Information Center containing college catalogs and guides, career books and pamphlets, and information on the armed forces. The Center proved very helpful to students in planning for further education and careers.

The Guidance Department continued to expand its services to students. A college planning workshop for juniors and their parents was conducted. A computerized career guidance system was instituted with federal funds. In its compilation of statistics for the Class of 1983 the following was reported: 55% of the class opted for further education beyond high school with 31% accepted at four-year colleges; 44 students joined the military service; and 36% entered the work force. Members of the Class of 1983 were supported by \$65,000 in scholarship aid from Carver and Plymouth donors.

The high school extra-curricular program offered a variety of opportunities for students. Many students were involved in AFS, Art Club, Band, Chamber Singers and Concert Choir, Chess Club, Dean's Council, Drama Club, Foreign Language Club, Future Teachers Club, and Girls Athletic Association. Also active were the *LIT Magazine*, Math/Science Club, Medical Careers Club, National Honor Society, the *Octopus*, Student Council, and the Yearbook. Both the Junior and Senior Classes had an event-filled year.

Plymouth-Carver athletic teams enjoyed a successful year also. The undefeated Girls' Gymnastic Team was the Old Colony League Champion. The Baseball Team of Spring 1983 attained the OCL Championship. The Fall of 1983 championship teams included Football, Boys' Soccer, and Girls' Soccer.

With the support of the Plymouth-Carver Regional School Committee, and the dedication of a competent professional and support staff, we can point with pride to Plymouth-Carver High School.

Annual Report of the Principal of the Plymouth-Carver Intermediate School

1983 was a year of expansion at PCIS. Grades 8, 9, and 420 sophomores comprised a student body of 1720. Rooms and walls were added in 2 Houses (Apollo and Ranger), shops and the IMC area to accommodate the increased enrollment and matrix schedule. Corridors continue to be crowded during passing time. The students have responded to the crowded situation with maturity and understanding.

Curriculum for Grades 9 and 10, requiring credit for graduation, remained intact. The increased enrollment in Grade 9 from Grade 8 will result in an additional 170 students. This increase comes with the return of 131 Gov. John Carver students to Grade 9 and an additional 53 Plymouth students. Shop, Home Ec. and Art courses will have further limitations for Grade 8. Writing is being emphasized in all curriculum areas. Computers have been added to the Math, Science, and Career Education Depts. as a necessity to prepare our students for the future world of work and academic pursuit. All of the computers were gained through federal and state grants.

Our projected enrollment based on October 1, 1983 figures indicates a total enrollment of 1847 for Grades 8, 9, and 420 Grade 10 students. The largest class enrollments have reached the secondary level.

The Parent Advisory Group (PAC) meets the 3rd Wednesday of the month. The members have offered valuable input to many areas plaguing the ever-shifting student population.

1984 will pose many changes for PCIS. The largest classes with enrollments exceeding 850 will be at PCIS. Space needs will be a constant focus. The staff and administration will continue to address the intellectual and social needs of our students with perseverance and commitment.
